Application for a Permit to Install
A
Sewer House Connection

I, _____herewith apply for a permit to connect my home located at _____ with the common Sewer.

I have made a contract with _____, a licensed drain layer, to install the connection.

I understand and agree that, since I have made a contract with a Licensed Drain Layer to install the connection, the Town will not assume any responsibility for the installation of the connection and the abandonment of subsurface sewage disposal systems (septic tank or cesspool). I have notified the Board of Health and acquired a permit for abandonment according to 310 CMR 15.354.

I will also notify the Public Works Office when all interior plumbing work is completed, allowing the sewage to flow from my premises to the Town's sewer system.

- DigSafe Number: _____(provided by licensed drain layer)
- Attached a sketch of the proposed connection hereto (provided by licensed drain layer).
- A non-refundable sewer connection fee of $75.00 accompanies this application to the DPW.
- A non-refundable street opening permit fee of $50.00 (if required) accompanies this application to the DPW.
- A non-refundable excavation permit fee of $50.00 accompanies this application to the DPW.
- A copy of the Abandonment Permit (cost $50.00) for all subsurface disposal systems, from the Board of Health, is attached to this application (not required for a new home). At completion of the abandonment, a certificate of compliance from the Board of Health will be issued to the homeowner.

Date: _____
