

ABBREVIATED NOTICE OF RESOURCE AREA DELINEATION
SUBMITTAL CHECKLIST
Reading Conservation Commission

This checklist is intended as an aid only, to assist in the process of submitting an Abbreviated Notice of Resource Area Delineation (ANRAD) and to help avoid delays. Please consult MGL Chapter 131, Section 40, the Wetlands Protection Act and its accompanying Regulations, 310 CMR 10.00, available through the state website, www.mass.gov/dep. Also, please consult Reading General Bylaws, Section 7.1, and the Reading Wetlands Protection Regulations, available through the Town Clerk's office and on the town website, www.readingma.gov. It is only necessary to file one submittal under both State and Town law.

A. Prior to submittal of an ANRAD:

1. It is strongly recommended that the applicant or representative meet with the Conservation Administrator to review the filing process, research existing site information, and to become familiar with the wetlands regulations. Contact the Administrator at Town Hall, (781) 942-6616.
2. Submit a completed Request for Abutters List form, to be signed by the Conservation Administrator and then delivered to the Assessor's office. It may take up to 21 days for the Assessor to return the Certified List of Abutters.

B. ANRAD submittal:

1. Submit to the Reading Conservation Commission the full size Original plans, two addition full-size copies, four 11x17 copies plus the entire application and plans set must be scanned and e-mailed to ctirone@ci.reading.ma.us or an electronic copy submitted. With the application include the following items:
 - a. A completed Abbreviated Notice of Resource Area Delineation form (Form 4A). Use the link provided on the Conservation home page to download the form from the State website, www.mass.gov/dep.
 - b. A photocopy of a Locus Map showing the town of Reading with the site location clearly marked (e.g., circled and located by a large arrow).
 - c. A description of the site, the wetland resource areas present, and supporting data used to determine resource area boundaries, such as field data forms, soils test data, flood insurance rate maps, Streamstats analyses, etc. (Please refer to the wetlands regulations for requirements.)
 - d. A site plan or plans no more than 2' by 3' in size, prepared by an engineer, surveyor, or other licensed professional, having a title block with location, date, legend, scale (1"=20' or 1"=40'), and north arrow, that clearly shows at least the following (please refer to the wetlands regulations for complete requirements):

- Boundaries of waterways, water bodies, banks, floodplains, and wetland resource areas within and within 100 feet of the site, (200 feet in the case of Riverfront Area) including locations of field flags;
 - Boundaries of the 100-foot Buffer Zone and 25-foot Zone of Natural Vegetation;
 - Locations of soils test pits, transects, and other sampling sites;
 - Existing topography (in one- or two-foot intervals), structures, and other physical features (walls, paths, trees, wells, drainage and utility lines, etc.)
2. One copy of completed WPA Form 4A – ANRAD Wetland Fee Transmittal Form and check payable to “Town of Reading” for Town share of the state fee. Use the link on the Conservation home page or download the form from the State website, www.mass.gov/dep.
 3. One copy of the Reading Bylaw Fee Calculation Form and check payable to “Town of Reading” for calculated amount. (One check may be written to the Town to cover both State and Town fees). Use the link to this form on the Conservation Home page and apply Section F.
 4. A check payable to the Daily Times Chronicle in the amount of \$75.00 for publication of the legal notice of the public hearing.
 5. One copy of the Affidavit of Service, one copy of the Notification to Abutters sent to all abutters when the ANRAD is filed, and one copy of the certified list of abutters notified. Use Affidavit and Notification forms in this packet. Mail notices by certified mail or deliver by hand and ask recipient to sign a receipt as proof that they were notified. If the certified list of abutters includes duplicates, one mailing is sufficient. If the list includes the Planning Boards of abutting towns, do not send notifications to those addresses. The notification must be mailed on the same day that the ANRAD is submitted to the Conservation Commission.
 6. A set of standard sized business envelopes (4.5” by 9.5”) addressed to the certified list of abutters (excluding the duplicates and Planning Board addresses), the applicant, and the applicant’s representatives. Envelopes should bear standard first-class postage stamps. Please leave the return address blank. The Commission will send abutters the notice of the public hearing using these envelopes.
 7. On the same day that the ANRAD is submitted to the Commission, mail one copy of the ANRAD Form 4A, site plans, USGS locus map, all attached descriptions and data, the ANRAD Wetland Fee Transmittal Form, a photocopy of the check to Comm. of MA for the state share of the state filing fee, the Notification to Abutters, the Affidavit of Service, and the certified list of abutters to the DEP Northeast Regional Office, attn: Wetlands Program, 205B Lowell Street, Wilmington, MA 01887.
 8. On the same day that the ANRAD is submitted to the Commission, mail one copy of the completed ANRAD Wetland Fee Transmittal Form and check payable to

“Commonwealth of Massachusetts” for the State share of the state fee to:
Department of Environmental Protection, Box 4062, Boston, MA 02211, as shown on
the form.

C. Prior to the Public Hearing

1. The Conservation Commission will submit the legal notice of the public hearing to the Daily Times Chronicle for publication, along with the applicant's check for the cost of the advertisement. The Commission will mail copies of the same notice to the abutters, etc. using the envelopes submitted by the applicant.
2. The Conservation Administrator and the Conservation Commission may inspect the site. The Administrator usually inspects during normal business hours Monday through Thursday. The Commission usually inspects on the Sunday morning (or Monday evening in summer) prior to the hearing. The boundaries of all resource areas should be marked on site with labeled flags. The locations of soil test pits and other field markers shown on the site plan should also be marked with stakes or flags, preferably using different colors and labels for different features.

D. Public Hearing

1. A public hearing will normally be scheduled within 21 days of receipt of a complete submittal. (If not possible, the Commission may ask the applicant to sign a waiver of the 21-day requirement. It is rare that the Commission can not open the hearing within 21 days.) Commission meetings are generally held every other Wednesday evening.
2. At the hearing, the applicant and his or her representatives will be given the opportunity to present and discuss the proposed delineations. The Commission, the Administrator, and the general public may comment upon the proposal and ask questions.
3. If additional information is needed for the Commission to understand the proposed delineations, the Commission and applicant may continue the public hearing to a future date, giving the applicant adequate time to provide the information. When the information is complete, the hearing will be closed and the Commission will draft a decision.

C. Order of Resource Area Delineation

An Order of Resource Area Delineation will be issued by the Commission after the public hearing is closed. The Commission will vote on the wording of the Order during a public meeting and will issue the Order within 21 days of the close of the hearing. The Order may be appealed as provided by law.

E. Signatures

I certify under the penalties of perjury that the foregoing Abbreviated Notice of Resource Area Delineation and accompanying plans, documents, and supporting data are true and complete to the best of my knowledge. I understand that the Conservation Commission will place notification of this Notice in a local newspaper at the expense of the applicant in accordance with the wetlands regulations, 310 CMR 10.05(5)(a).

I further certify under penalties of perjury that all abutters were notified of this application, pursuant to the requirements of M.G.L. c. 131, § 40. Notice must be made in writing by hand delivery or certified mail (return receipt requested) to all abutters within 100 feet of the property line of the project location.

I hereby grant permission, to the Agent or member of the Conservation Commission and the Department of Environmental Protection, to enter and inspect the area subject to this Notice at reasonable hours to evaluate the wetland resource boundaries subject to this Notice, and to require the submittal of any data deemed necessary by the Conservation Commission or Department for that evaluation.

I acknowledge that failure to comply with these certification requirements is grounds for the Conservation Commission or the Department to take enforcement action.

Form 4A - Abbreviated Notice of Resource Area Delineation (ANRAD) Massachusetts Wetlands Protection Act (M.G.L. Chapter 131, Section 40)

Instructions for Completing Application Form 4A - Abbreviated Notice of Resource Area Delineation (ANRAD)

Please read these instructions before completing the Abbreviated Notice of Resource Area Delineation application form (WPA Form 4A) for more information on certain items that are not self-explanatory.

Introduction

The Abbreviated Notice of Resource Area Delineation, WPA Form 4A, (ANRAD) provides a procedure for an applicant to confirm the delineation of a Bordering Vegetated Wetlands (BVW). If an ANRAD is filed for a BVW delineation, confirmation of other resource areas may also be requested provided the other resource area boundaries are identified on the plans which accompany the BVW boundary delineation.

The filing of an Abbreviated Notice of Resource Area Delineation is optional. However, any work within an area subject to the jurisdiction of the Wetlands Protection Act may not proceed until either a Negative Determination of Applicability or a final Order of Conditions has been issued by the Conservation Commission or the Department of Environmental Protection. If an applicant is uncertain as to whether the Wetlands Protection Act applies to a particular area of land or to specific work planned on a particular area of land, he or she may file a Request for Determination of Applicability, RDA, (WPA Form 1) instead of WPA Form 4A. Also, an applicant may file a Notice of Intent, NOI, (WPA Form 3) or, in limited circumstances, an Abbreviated Notice of Intent (WPA Form 4) and, as part of that permitting process, seek confirmation from the Conservation Commission of delineated wetland resource area boundaries.

The applicant is responsible for providing the information required for the review of this application to the issuing authority (Conservation Commission or the Department of Environmental Protection). The submittal of a complete and accurate description of the site will minimize requests for additional information by the issuing authority which may result in an unnecessary delay in the issuance of an Order of Resource Area Delineation.

To complete this form, the applicant should refer to the Wetlands Protection Act regulations (310 CMR 10.00) which can be obtained from the Department's web site at www.mass.gov/dep. Regulations are available for viewing at public libraries and county law libraries across the state, as well as at the Department's Regional Service Centers. Regulations also are available for sale from the State House Bookstore (617.727.2834) and State House Bookstore West (413.784.1378).

Completing WPA Form 4A

Section A: General Information

Item 1. Project Location. Include a street address (if one exists), the latitude and longitude of the site and, if known, the Assessor's map or plat number, the parcel number, and the lot number. If the lot subject to the Abbreviated Notice of Resource Area Delineation does not contain a structure with a numbered street address or the lot is being subdivided, the map or plat, parcel, and lot numbers must be included.

Section B: Area(s) Delineated

Item 1. Bordering Vegetated Wetlands (BVW). Indicate the length of the delineated BVW boundary.

Item 2. Method of Determination. Use one of the methods indicated in Item 2 to determine the boundaries of BVW. On the form, check all the methods that are used to determine the boundary. These methods are discussed in the wetlands regulations at 310 CMR 10.55(2)(c). When undertaking BVW delineations, whether by vegetation alone or by vegetation and other indicators of wetland hydrology, applicants are encouraged to use the Department's BVW Handbook: *Delineating Bordering Vegetated Wetlands Under the Massachusetts Wetlands Protection Act (1995)*. This document is available on the web at:

Massachusetts Department of Environmental Protection

Form 4A - Abbreviated Notice of Resource Area Delineation (ANRAD) Massachusetts Wetlands Protection Act (M.G.L. Chapter 131, Section 40)

<http://www.mass.gov/dep/water/laws/policies.htm#welguid> or for purchase from the State House Bookstore (617.727.2834) and State House Bookstore West (413.784.1378). The Department encourages applicants to complete the BVW Field Data Form contained in the handbook and submit it with the Abbreviated Notice of Resource Area Delineation. If detailed vegetative assessments are not required for a particular site, the reasons should be noted on the Field Data Form.

Item 3. Other Resource Areas. Applicants may use WPA Form 4A to confirm the boundaries of other resource areas when delineated in addition to the BVW. To determine boundaries of other wetland resource areas (including the Riverfront Area), consult the wetland regulations, subsection (2), "Definitions, Critical Characteristics, and Boundaries" for each resource area covered under 310 CMR 10.54 - 10.58.

Section C: Additional Information

All listed information must be provided along with the Abbreviated Notice of Resource Area Delineation application. ANRAD applications seeking to delineate a wetland resource area boundary are required to include Resource Area Delineation Plans. Such plans should include an appropriate scale to depict all resource area boundaries for which boundary confirmation is being sought.

Plans specifications: All plans should be of adequate size, scale, and detail to completely and accurately describe the site and the resource area boundaries. The following guidelines are provided to encourage uniformity.

Sheet Size:

- Maximum 24" x 36"
- If more than one sheet is required to describe the proposed site and/or proposed work, provide an additional sheet indexing all other sheets and showing a general composite of all work proposed within the Buffer Zone and areas subject to protection under the Act

Scale:

- Not more than 1" = 50'
- If plans are displayed, include graphical scales

Title Block:

- Included on all plans
- Located at the lower right hand corner, oriented to be read from the bottom when bound at the left margin
- Include original date plus additional space to reference the title and dates of revised plans

Section D: Fees

There is an application fee for the Abbreviated Notice of Resource Area Delineation. The filing fee equals \$2 per linear foot of delineated Bordering Vegetated Wetland, with a maximum of \$200 for a single family house and a maximum of \$2,000 for any other activity. The same fee schedule applies to delineations of other resource areas. The city/town share of the fee is the first \$25 plus half of the remaining total fee. The state share is half the total fee in excess of \$25.

Complete pages 1 and 2 of the ANRAD Wetland Fee Transmittal Form and send them, along with a check for the state share of the filing fee, payable to the *Commonwealth of Massachusetts*, to MassDEP, Box 4062, Boston, MA 02211. Review of the Abbreviated Notice of Resource Area Delineation cannot begin until the fee is received.

Massachusetts Department of Environmental Protection

Form 4A - Abbreviated Notice of Resource Area Delineation (ANRAD)
Massachusetts Wetlands Protection Act (M.G.L. Chapter 131, Section 40)

No filing fee shall be assessed for projects of any city, town, county, or district of the Commonwealth, federally recognized Indian tribe housing authority, municipal housing authority, or the Massachusetts Bay Transportation Authority.

In addition, a notice of the application must be placed in a local newspaper, and published at least five days prior to the hearing, at the applicant's expense. Please contact your Conservation Commission regarding the procedure for public newspaper notice.

Section E: Signatures and Certification Requirements

The property owner (if different from the applicant) and the applicant's representative (if any) must sign the Abbreviated Notice of Resource Area Delineation. A signature serves to certify that accompanying plans, documents, and supporting data are true and complete.

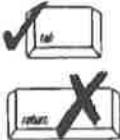

Two copies of the completed Abbreviated Notice of Resource Area Delineation (WPA Form 4A), including supporting plans and documents; two copies of the ANRAD Wetland Fee Transmittal Form; and the city/town fee payment must be sent to the Conservation Commission by certified mail or hand delivery.

One copy of the completed Abbreviated Notice of Resource Area Delineation (WPA Form 4A), including supporting plans and documents; one copy of the ANRAD Wetland Fee Transmittal Form; and a copy of the state fee check must be sent to the appropriate MassDEP Regional Office by certified mail or hand delivery. The Department copies must be sent at the same time as the application submission to the Conservation Commission. Failure by the applicant to send copies in a timely manner may result in dismissal of the Abbreviated Notice of Resource Area Delineation.
