

Town Manager Overview FY15 Budget

The following document constitutes the Town Manager's recommended FY15 Budget for the Town of Reading for the Fiscal Year beginning July 1, 2014. This Budget represents continued conservative fiscal practices given the constraints of Proposition 2-1/2 coupled with the challenging macroeconomic climate. Following are the highlights of the FY15 Town Manager Budget:

Revenues:

Revenue for FY15 is forecast at \$80.7 million (plus an additional \$1.5 million in free cash used), with the four largest categories of revenue type shown in the chart below:

A couple of years ago, revenue growth stalled in conjunction with the global economic slowdown. The forecast for FY15 is for a 2.7% increase in revenue growth (the revenue section will explain some technicalities as to why it looks about 1% smaller). This rate of increase is closer to the longer term historic average growth of between 3% and 4%.

Two key assumptions in forecasting FY15 revenues are the use of

\$1.5 million of free cash and a disappointing \$13,204,901 (+0.8%) increase in state aid as proposed in the Governor's Budget, which comes against a backdrop of a forecasted FY15 state revenue growth of about 5%. Any further state aid that materializes during the legislative process will be recognized at November 2014 Subsequent Town Meeting and serve to offset the \$1.5 million in free cash used to balance this budget.

The local revenue toolbox includes motor vehicle excise taxes (\$3 million), a variety of local license and permit fees for services (\$2.5 million), and the meals tax (\$350,000). A dividend payment from the Light Department (\$2.4 million) reflects a return on the Town's ownership of all the RMLD liabilities, a risk/reward arrangement that has worked well for both organizations for many years.

Revenue growth is a challenge in local municipal finance in the Commonwealth, simply because of the lack of options. In September 2010 FINCOM held a workshop that generated revenue ideas including the following highly ranked ones: sale of Oakland Road (on hold pending school space needs); cell towers (good prospects, waiting for water tank repairs); advertising/billboards (met with community opposition); rental of existing space (the Schools do an exceptional job); economic development/publicity (see below); parking fee at depot (discussed but no action, not a significant source); naming rights (schools have adopted but with no financial angle) and wind/solar power generation and sell back (studied and discarded as impractical with current technology).

We have seen a great deal of business development in Reading over the past few years, and are the envy of many of our neighbors who have remained stagnant. This is terrific, yet as a practical matter new growth this year is only \$741,000 compared to a \$54 million tax base.

Revenue growth looks to have settled in at or near the 3% level through FY18, and there are no obvious new sources of any significance on the horizon. The best hope is that an economic rebound increases state aid that is passed back to the community.

Accommodated Costs

These shared costs are forecast to be extremely well behaved during FY15 at +0.4%. Part of that is an optical illusion relating to lower debt service paid with MSBA funds, but employee/retiree benefits are forecast at 'only' +4.9% and energy costs are expected to decrease by 2.1%. Town Meeting's agreement to conduct significant performance contracting efforts and pay for them with debt service has been a complete success, reducing annual pressure on operating costs even more than had been forecast.

The forecast for these costs looks to be about 4% annually through FY18, not a back-breaking increase but still above the forecasted revenue growth.

Given the available revenues and modest accommodated costs, there is enough funding for +3.5% town and school operating budgets. This is a slightly lower than used in both the FY13 and FY14 operating budgets.

Town Department Budgets

The following chart depicts the Town Manager's FY15 budget for Town departments, with a 3.3% overall increase from FY14:

Town Total Budgets	FY14	FY15	Change
Admin. Services	\$2,168,090	\$2,290,550	+5.6%
Community Services	\$1,422,211	\$1,411,825	-0.7%
Finance	\$720,970	\$712,425	-1.2%
Police	\$4,334,190	\$4,501,506	+3.9%
Dispatch	\$431,726	\$447,010	+3.5%
Fire & EMS	\$4,074,852	\$4,313,925	+5.9%
Public Works	\$5,464,966	\$5,547,625	+1.5%
Public Library	\$1,330,338	\$1,376,885	+3.5%
Total	\$19,947,343	\$20,601,751	+3.3%

Operating budgets for the Town departments are roughly in line with the total budgets shown, with the largest discrepancy being

Public Works which shows a +2.6% operating increase, but due to no changes in accommodated costs, the total department budget is only +1.5%. The following budget sections will describe each department in detail.

For all Town non-union staff, a maximum increase of +3.5% is budgeted, in line with the available funding for all of the operating budgets.

➤ A cost of living (COLA) increase of +1.5% is used in this Budget. Over the past ten years, local area (Boston-Brockton-Nashua) CPI inflation is about 2.25% annually, and the COLA paid to Town staff has been significantly lower during this period.

➤ The Town also offers a step program (+2% when eligible), which is the case in virtually every other municipality in the Commonwealth. The theory of these steps is to serve (in aggregate) as an incentive for employee retention and an acknowledgement of professional and career development, in lieu of any other merit rewards which are not available in the public sector. As part of the current update of the pay/classification study, we will explore all options to improve our employee retention program, perhaps on a more selective basis based on performance.

All six Town unions are in the process of engaging in collective bargaining, so their wage costs are not known for FY15. This Budget assumes a total wage cost of +3.5% for each to match the operating budgets. Because the overall value of steps in each union are considerably different, their resulting COLAS will also differ.

Town Department Requests

The opportunity to re-organize town departments spurred a lot of wishful budget thinking that began last summer. Out of those discussions, the best ideas that were able to be implemented were selected and then approved by Town Meeting in November.

Department Heads as well as the elected Library Trustees and Board of Assessors submitted requests for FY15 funding that would have produced in total a nearly +7% Town department budget instead of the +3.3% budget that is affordable. Below is a summary of the Town Manager's Budget and these requests:

	Requested Budget	Town Manager Budget	Unfunded
Town Operating			
Admin. Services	\$2,031,746	\$1,905,550	-\$126,196
Community Services	\$1,252,751	\$1,186,825	-\$65,926
Finance	\$725,327	\$712,425	-\$12,902
Police	\$4,522,936	\$4,501,506	-\$21,430
Dispatch	\$525,483	\$447,010	-\$78,473
Fire & EMS	\$4,490,573	\$4,313,925	-\$176,648
Public Works	\$2,819,614	\$2,741,225	-\$78,389
Public Library	\$1,483,052	\$1,376,885	-\$106,167
Total	\$17,851,482	\$17,185,351	-\$666,131

The Town of Reading should be proud at how the Town and School organizations responded to the economic downturn seen in recent years.

Financial reserves are at an all-time high (not to be confused with sustainable revenue, which remains quite constrained). Significant ongoing investment in capital and infrastructure has greatly improved the condition of buildings and equipment over the past decade, which has in turn lowered operating costs.

Employees and retirees have contributed significantly with increased out of pocket expenses and healthier lifestyles in order to keep health insurance premium increases lower. Wage growth has been very modest, not keeping pace with inflation.

These savings in turn led to fewer layoffs, which allowed strong service levels at a time when the community demand for services actually increased (as is typical in the municipal sector

during an economic downturn). Staff responded well, and measures of customer satisfaction remain very high.

Simply put, the Town of Reading is overdue for a community discussion about the affordable amount and levels of service that the Town and Schools can sustainably provide – and the prospects for an operating override. In 2010 FINCOM also requested community input on controlling costs, and not one single person was willing to give up a Town or School service that they currently used.

We live in very challenging times. It is said that the Industrial Revolution was the Age of Machines - a focus on physical manufacturing which ultimately placed new tools in the hands of workers that increased their productivity. A Second Industrial Revolution might be said to be the Age of Information – a focus on technology which ultimately has and will continue to replace those workers.

The Town government in Reading is open to all new ideas. Despite advances in technology, we are mindful that high levels of direct personal 'hands on' service on local issues are important to our residents and businesses. We will sustainably provide those service levels only with reliable and well trained staff, no matter the Age.

As always, we will strive to meet the expectations of the community with whatever level of resources that are made available. On behalf of the entire Town government, thank you for the opportunity to make the Town of Reading a very special place to live – and to work.

Respectfully submitted,

Robert W. LeLacheur, Jr. CFA
Town Manager

FY15 Revenues

Summary of Revenues – The total FY15 estimated revenues for general government will be \$82.2 million, a 2.2% increase from FY14. However without the use of free cash in either year revenues are projected to increase 1.8% to \$80.8 million. Over the last twenty years, annual increases in revenues have averaged between +3.0% and +4.0%.

These modest revenue increases are misleading because in FY14 the MSBA made a final debt payment – adjusting for this fact adds another 1% growth to real revenues in FY15.

Property Taxes – The FY 2015 tax levy includes a 2.5% increase over the combined FY 2014 tax levy plus new growth. We are conservatively estimating only \$500,000 in new growth based on historical averages (5yr \$500k and 10yr \$600k). In FY14 new growth was over \$700,000 and there remains strong activity in both the housing and commercial sectors.

New Growth (\$ 000s)							
'14	'13	'12	'11	'10	'09	'08	'06
741	579	325	363	553	556	549	732

After a discussion with the Board of Assessors in FY12 the abatements and exemptions overlay account was increased to \$600,000 due to increased large-scale commercial activity and has increased by 2.5% annually, to a \$646,134 figure in FY15. The actual amount may vary from the budgeted amount when the final calculation of the tax rate is made by the Town Accountant. If the overlay account is not used for abatements, it is released in future years and used to support the budget. (See "Operating transfers/Available Funds" below.)

Local Revenues from sources other than property taxes – Ten years ago we used very conservative estimates for increasing local receipts and noticed that operating budgets were built relying on the fact there really was more revenue available. Several years ago we transitioned into an approach that would be more realistic by using a long-term average, and the Finance Committee agreed that in the years that this method causes a revenue deficit, the difference would be made up with an appropriation of Free Cash.

In recent years as the economy was sluggish, we toned down long-term averages to allow for possible declines and only encountered one year of minor local revenue deficits. For FY15 we forecast a 7.3% increase, driven by a change in ambulance fees described below and higher than forecast actual levels of collections in FY14.

MOTOR VEHICLE EXCISE – This revenue source is difficult to forecast, as we have been over and under budget by \$100,000+ in recent years, although the average has been in line. For next year we forecast a 5.2% increase to \$3 million as FY14 collections are ahead of projections. Several years ago we would have expected this figure to be well over \$3 million by FY15, but purchases of new cars had slowed during the difficult economic times.

INTEREST – The town earns interest on the cash it is holding until it has to pay the bills for the town. Sometimes the Town holds large cash balances for temporary purposes (such as construction projects) and we are careful to only budget recurring interest revenues. Rates remain very low and estimated earnings are reduced to \$100,000 for next year. These rates are attractive when the Town Borrows however.

CHARGES FOR SERVICES: In February 2014 the Board of Selectmen voted to raise ambulance fees effective March 2014. Fees had fallen relative to area averages over the last several years, and the new higher fees will still be about 10% below area averages. The ambulance billing company estimated these changes would bring in \$90k to \$100k, so we have used \$85,000 in additional revenue as a conservative assumption. Note that as in the past, this fee increase in the first year will be directed towards a community priority – a new Executive Officer in the Fire department.

Intergovernmental Revenue – State tax collections are very strong through the first half of the FY14, but the Governor’s FY15 budget proposed a very modest 0.8% increase to local aid for Reading, which is used as a conservative assumption for revenues.

Operating Transfers/Available Funds – The amount of money available from cemetery sale of lots has remained constant. Sale of real estate funds from the landfill will be available for debt and capital expenses, but are reduced again by \$50,000 to \$150,000. This is consistent with the Capital Improvements Program which will make these funds last for a bit more than ten years from FY2005 to FY2017. Recent land sales by the Town of about \$500,000 are being set aside from this program in case they are needed for land acquisition. The earnings distribution from the Light Department has been increased 2.0% based on the CPI through December 2013. The Board of Assessors released \$350,000 from the overlay surplus last year and will do the same thing this year. A somewhat high figure of \$1.5 million is being used from Free Cash in order to balance the FY2015 budget.

**not voted by Town Meeting – State subtracts from local aid payments*

Accommodated costs are those that are shared by both the Town and Schools (such as those listed in this section), or those that are unpredictable (such as energy). Many of the shared costs above generally are subject to long term financial planning, and their annual increases can be managed. For FY15 these costs are lower, despite an increase in Benefits (driven by health insurance premiums) because no additional 40R funds are being used for capital projects.

Benefits

Retirement (\$3,965,120; +5.3%): The Retirement Board voted an increase of +4.5% to the \$3.27 million annual contribution required. The Town's self-insured portion is \$36,575; a \$15,000 expense pays the annual fees associated with seasonal and part-

time employees' shift from social security to a 403(b) plan; and \$475,000 is set aside as a buffer for an unknown change in health insurance, and if not needed up to this amount will be contributed to the Other Post-Employment Benefits (OPEB) liability. While this is well below the needed annual contribution of over \$1.7 million, it is important to signal to the Auditors and bond rating agencies that the Town takes the OPEB liability seriously. A longer term plan to increase this funding will occur as the pension liability becomes fully funded, or sooner if it becomes required by law. Note that this financial approach has helped lower the actuarial liability significantly according to the most recent OPEB valuation.

Worker Compensation (\$300,000; 0%): A decrease was made at November 2013 Town Meeting due to the success of Town safety policies. One injury at RMLD may affect rates in the future.

Unemployment Compensation (\$100,000; 0%): No significant staff reductions are planned in FY15.

Health & Life Insurance (\$9,038,045; +5.2%): For FY15 we have received a quoted increase of +7.8% from MIIA, but we have not concluded negotiations with all of our unions. The budgeted premium increase shown is only +5.4% because the FY14 run rate is below budget.

For several years management negotiated several plan design changes with all unions from the Town, School and Light departments, resulting in higher out of pocket expenses for employees and retirees but lower insurance premium costs. The last time the Town sought bids for health insurance in 2011, an independent consultant and a public bid process concluded that the Town's current health insurance products combined with these negotiations were the best value for the Town's budget. In FY13 we introduced an 'opt-out' program for employees that obtained coverage from another source, such as a spouse's plan. Premium savings for the Town are about \$75,000 in the current fiscal year.

Medicare (\$700,000; +2.2%): The annual rate of increase of this line item continues to slow due to ongoing demographic shifts in the workforce and modest wage increases.

Indemnification (\$75,000; +7.1%): Police & Fire on duty injury related expenses can vary widely in this line item. Each year the budget is increased in order to be conservative.

Capital

The target baseline capital spending per FINCOM policy for FY15 is \$2.05 million, and the proposed FY15 capital spending is **\$2.03 million**.

Capital Funding Sources:

\$150,000 from the sale of real estate (fund expected to be fully drawn down by FY17); **\$1.88 million** from the general fund which is over a 10% increase compared to FY14. Note the absence of 40R funding of roads in FY15. There is a significant impact of the West Street project, as well as water and sewer main projects on our available staffing resources.

Capital Projects:

\$155,000 for Town Facilities: \$80,000 Town Hall repairs and ADA issues; \$35,000 for Fire station HVAC equipment; \$30,000 for Police station carpeting repairs; \$10,000 Town Hall ceiling repair.

\$588,000 for School Facilities: \$392,000 for Joshua Eaton roof repairs; \$126,000 for carpeting/flooring repairs at Parker (\$37,000), Birch Meadow (\$35,000), Killam (\$24,000), Joshua Eaton (\$20,000) and Coolidge (\$10,000); \$40,000 for a water heater at RMHS; \$12,000 for Parker HVAC equipment and \$18,000 for Parker cafeteria equipment.

\$254,000 for Community Services, including \$200,000 for field improvements at Killam for Recreation; \$39,000 to replace the Elder/Human Services Senior van; and \$15,000 for the annual playground replacement program.

\$80,000 for Town technology, including \$60,000 for a phone system upgrade and \$20,000 for a GIS addressing application.

\$953,000 for Public Works: \$450,000 for road repairs (an additional \$600,000 of Chapter 90 grant funds plus the huge West Street project is expected to further increase the total FY15 road repair budget); \$90,000 in general curb and sidewalk repairs for pedestrian safety; \$145,000 to replace a pavement spreader; \$115,000 to replace a dump truck; \$98,000 for Parks gang-mowers; \$30,000 to replace a truck front 500 gallon sprayer; \$25,000 for generic fence replacement as needed.

Debt (\$3,381,063; -13.8%)

In FY12 the Town advance refunded some existing school debt, and there were two primary results. First, in FY13 annual debt service was reduced by about \$1 million, an amount that the Town was receiving from the MSBA as reimbursement for school projects. Second, further significant reductions are seen that represent outright savings from the refinancing. For example in FY14 those savings are about \$500,000 town-wide, with the bulk of the savings seen in excluded RMHS debt that does not need to be collected.

One new debt issue approved by November 2013 Town Meeting is for the \$1 million local share of the West Street project. This week we learned that share might increase to \$1.2 million, and if

so we will take a 4-year repayment schedule instead of three years so as not to increase the need to incur more FY15 debt service. Delayed to FY16 inside the tax levy is \$3 million DPW yard & cemetery garage projects that are still in the design phase. More information on these projects will be available in March 2014.

Several larger projects are being considered as debt exclusions – to be paid outside of the tax levy. The Public Library has been approved for a \$9.8 million local share for a building project, and on April 1, 2014 voters will decide about another \$3.5 million that is sought in order to begin the project in the summer 2014. Other possible exclusions are the need for additional School Space and Killam renovations (unknown costs at this time); and the possibility of taking some past and/or future water enterprise fund debt and shifting it to the tax rate, although not in time for the FY15 budget.

FINCOM Reserves (\$150,000; 0%)

The Finance Committee has an emergency reserve fund for unforeseen expenses. FINCOM has considered increasing this long-standing amount but instead had chosen to replenish it at Town Meetings back up to \$150,000 during a fiscal year.

Regional Vocational Schools (\$387,000; +4.2%)

No significant change in enrollment or budgets are expected at either the Northeast Vocational (NEV) school or Minuteman and tuition plus transportation costs are estimated at +4.2% for FY15. As more information becomes available these figures could change. For NEV, an effort encouraged by the communities for several years is now underway to introduce facilities capital planning, which is likely to increase future costs.

State Assessments (\$608,794; -6.2%)

Town Meeting does not vote on these charges, they are deducted from any State Aid payments the Town receives. The above figure is from the Governor's budget released in January 2014.

Here are some details:

MBTA (\$536,111 +1.4%) To maintain and operate regional public transportation for services rendered to communities within the Authority. Assessments are apportioned based on weighted population shares of the MBTA district, using data from the 7/1/04 U.S. census estimates.

Education (\$41,618 -55%) Charter School Tuition (\$22,984) to pay for students that attend a charter school district. Assessments use October 1st enrollment plus expected growth, and are finalized using April 1st data; School Choice Tuition (\$13,250) to pay for students attending another school district under School Choice. Assessments are based on October 1st enrollments and updated on April 1st, and Special Education Assessments (\$5,384) to partially reimburse the state for students enrolled in state hospital schools. Assessments are based on full-time equivalency in special education programs from the previous year.

Registry of Motor Vehicles Surcharge (\$14,740 +4.2%) to reimburse the RMV for marking a license or registration for non-renewal due to non-payment of parking violations, excise taxes, and abandoned vehicle costs. Assessments are based on prior year actual expenses.

Metropolitan Area Planning Council (\$8,163 +2.2%) to promote urban planning and to respond to common urban problems of Boston and surrounding communities. Assessments are determined by 2004 population.

Air Pollution Districts (\$8,162 +0.1%) to pay for the costs incurred by the Department of Environmental Protection in monitoring air pollution levels and enforcing air quality standards at industrial, commercial and institutional facilities. Assessments are determined 50% by 2004 population and 50% by 2004 community assessed values.

Administrative Services FY15 Budget

The Administrative Services Department's FY15 budget is increased by 5.6% when compared to the previous year.

	FY14	FY15	Change
Selectmen	\$2,400	\$2,400	0.0%
Operations	\$617,759	\$668,200	+8.2%
Town Manager	\$160,000	\$159,900	-0.1%
Fin. Committee	\$52,400	\$54,000	+3.1%
Law	\$92,000	\$90,000	-2.2%
Human Resources	\$91,300	\$81,950	-10.2%
Technology	\$618,575	\$654,000	+5.7%
Town Clerk	\$116,156	\$119,800	+3.1%
Elections	\$47,500	\$75,300	+58.5%
Property Insurance	\$370,000	\$385,000	+4.1%
Total	\$2,168,090	\$2,290,550	+5.6%

Overview

The newly created Administrative Services department is a combination of the previous Town Manager's Office plus portions of the old Finance department. The Administrative Service department is designed to promote organizational efficiency. The Assistant Town Manager, Administrative Services serves as the department head, and the Human Resources Director serves as the assistant department head.

Selectmen, Town Manager, Finance Committee, Law, Property Insurance: These divisions all fund activities that are central to the organization, often including the School department. Separately the Finance Committee has a \$150,000 Reserve Fund that is not a part of this budget.

Operations: This newly created division is the centralized location for procurement and communication. Postage is now centralized in this division, as well as equipment maintenance.

Human resources: This division provides support to the Town (under the direction of the Town Manager); to the Schools (under the direction of the Superintendent); to the Light Department (under the direction of the RMLD General Manager) and to all Retirees.

Technology: This division provides centralized computer network and telecommunications services as well as distributed internet, audio/video, software and personal computer support and geographic information systems (GIS) mapping. This division also coordinates many technology activities with both the School and Light Departments, as well as with other communities in order to support regionalization agreements.

Town Clerk and Elections: The Town Clerk is guided by Federal, State, and local laws and policies in overseeing Elections, voter registration, the census process, Town Meeting, and local licenses as well as historic and legal documents for the Town. The Town Clerk also oversees all document storage efforts conducted by the Town and School departments.

Staffing (14.4 FTEs; +0.7 FTE +5.1%)

Wage costs \$1,194,650 +9.0%

Two main factors drive the wage increase higher than the 3.5% seen in other Town departments: (1) +3.2% is caused by an increase in the funding set aside in Operations for the results of the pay/class study; and (2) +2.2% is because we have two more planned elections in FY15. Note that the results of the pay/class study will not be ready for Annual Town Meeting, and the \$40,000 allocated at November Town Meeting will be returned to Free Cash.

The change of +0.7 FTE has two components. A +0.3 FTE involves a shift in the allocation of two clerical positions shared with Community Services. The +0.4 FTE is a new temporary position (Operations Specialist) designed in FY14 and planned to expire after FY15.

Wages	FY14	FY15	Change
Selectmen	\$0	\$0	0.0%
Operations	\$459,909	\$531,700	+15.6%
Town Manager	\$145,000	\$144,900	-0.1%
Fin. Committee	\$0	\$0	0.0%
Law	\$0	\$0	0.0%
Human Resources	\$81,300	\$70,450	-13.3%
Technology	\$274,075	\$283,600	+3.5%
Town Clerk	\$115,656	\$119,800	+3.6%
Elections	\$20,000	\$44,200	+121.0%
Property Insurance	\$0	\$0	+0.0%
Total	\$1,095,940	\$1,194,650	+9.0%

During a medical leave in FY14, we re-acquired the services of our former Town Accountant on a part-time basis. We quickly identified a gap in the organization best described as the interface between technology and the user community in the Town. For the balance of FY14 we will retain her services, shifted from the Finance department to the Administrative department once the medical leave concludes. This new position will help in the transition to a more centralized Operations division, and be easily funded in FY14 because of the nearly year-long vacancy in the Assistant Town Manager position.

For FY15, there are two alternatives. One is to retain the vacant (former Police) Business Administrator position and pay a fee called OSDBA to MUNIS. The other, which is proposed in this budget, is to downgrade that vacant position to be a Business Analyst, not pay that fee to MUNIS, and hire a 0.4 FTE Operations Specialist. The incremental cost of the latter option selected for this budget is about \$10,000 more for the year. All parties involved believe this choice to be the best one, as it will serve as a one-year bridge as the new department organizes and centralizes technology training and system integration.

Three elections are budgeted for FY15 at an increase in wage costs from \$15,000 to \$45,000, which is partially offset by a \$4,800 grant from the state for extended polling hours. Last year it was mentioned that the local election should remain as an operating expense, and any additional elections should be considered as accommodated costs. This budget accomplishes that in rough terms, as the \$25,000 pay & class consulting fee is considered as part of the base FY14 budget, instead of a one-time expense.

Expenses \$1,095,900 (+2.2%)

Expenses	FY14	FY15	Change
Selectmen	\$2,400	\$2,400	0.0%
Operations	\$157,850	\$136,500	-13.5%
Town Manager	\$15,000	\$15,000	0.0%
Fin. Committee	\$52,400	\$54,000	+3.1%
Law	\$92,000	\$90,000	-2.2%
Human Resources	\$10,000	\$11,500	+15.0%
Technology	\$344,500	\$370,400	+7.5%
Town Clerk	\$500	\$0	-100.0%
Elections	\$27,500	\$31,100	+13.1%
Property Insurance	\$370,000	\$385,000	+4.1%
Total	\$1,072,150	\$1,095,900	+2.2%

The decrease in the FY15 expense budget for Operations is driven by that \$25,000 consulting fee mentioned above not being repeated in FY15. Very few changes in other expenses are expected -- some software licensing costs are known, but some are estimated. Technology hardware expenses are driven by a PC replacement cycle plus new tablets for field use.

Community Services FY15 Budget

The Community Services Department's FY15 budget decreases by 0.7%, driven largely by the elimination of the one-time \$75,000 Zoning Bylaw consultant expense in FY14.

	FY14	FY15	Change
Total			
CS Administration	\$365,343	\$292,625	-19.9%
Conservation	\$32,850	\$34,150	+4.0%
Planning	\$79,024	\$85,100	+7.7%
Inspections	\$121,700	\$126,100	+3.6%
Health	\$232,300	\$240,850	+3.7%
Elder Services	\$169,437	\$199,700	+17.9%
Veterans	\$266,300	\$274,050	+1.8%
Recreation	\$154,257	\$158,250	+2.9%
Historical	\$1,000	\$1,000	0%
TOTAL	\$1,422,211	\$1,411,825	-0.7%

Overview

The Community Services Department is comprised of two major functions: Community Development and Social Services. The Assistant Town Manager, Community Services serves as the department head and town planner. The Community Development Administrator serves as the assistant department head.

Community development activities include Planning, Building & Inspections, Conservation, Historical and Public Health.

Social Services include Elder/Human Services, Veterans Services and Recreation - the latter moved in as part of the November 2013 reorganization.

Staffing (16.7 FTEs; -0.2 FTE -1.2%)

Wage costs \$806,425; +5.6%

The FY15 budget proposes two small changes in staffing: the new Regional Housing Services Coordinator will initially have four communities instead of five, which results in a +0.1 FTE increase in the Planning division; -0.3 FTE results from the allocation of two clerical positions shared with Administrative Services department. Note that an additional part-time social worker was added in FY14 as a response to increasing demands for this service in the community (see request letter from Council on Aging) and funded by vacant positions. The increase shown below assumes these vacant positions are filled, and funding is required.

Wages	FY14	FY15	Change
CS Administration	\$270,443	\$269,025	-0.5%
Conservation	\$32,850	\$34,150	+4.0%
Planning	\$79,024	\$85,100	+7.7%
Inspections	\$121,700	\$126,100	+3.6%
Health	\$88,850	\$92,350	+3.9%
Elder Services	\$158,187	\$186,950	+18.2%
Veterans	\$22,200	\$23,050	+3.8%
Historical	\$0	\$0	0.0%
TOTAL	\$773,254	\$816,725	+5.6%

Overtime for document storage and some of the hours for the plumbing and gas inspectors plus the alternate building inspector are funded from the permits revolving fund. A portion of the Conservation Administrator's hours is offset by the Wetlands Revolving fund.

Expenses (\$436,850; -11.7%)

There \$75,000 in the FY14 budget for a comprehensive review of the Zoning bylaws is removed. The review of the zoning bylaws has highlighted the need for more spending in professional development as community interest in economic development requires the Town to explore beyond its borders.

Expenses	FY14	FY15	Change
CS Administration	\$94,900	\$23,600	-75.1%
Conservation	\$0	\$0	+0%
Planning	\$0	\$0	+0%
Inspections	\$0	\$0	+0%
Health	\$143,450	\$148,500	+3.5%
Elder Services	\$11,250	\$12,750	+13.3%
Veterans	\$244,100	\$251,000	+2.8%
Historical	\$1,000	\$1,000	0%
TOTAL	\$494,700	\$436,850	-11.7%

Funding for Riverside and EMARC are increased by the overall 3.5% increase in the operating budgets. These organizations have requested additional funding but been level funded for many years. Veteran's benefits are level funded at \$225,000 as the annual increase for the past few years seems to have paused. Note that the Recreation Revolving Fund directly pays all

expenses for this division. At the end of each year, the Fund turns over excess funds to the Town's general fund. For many years that excess has been about the wage costs of the division, but by law those may not be paid directly.

TO: Board of Selectmen
FROM: Tom Procopio, Vice Chair, Council on Aging
DATE: January 16, 2014
RE: Elder Services Staffing

At Town Meeting in November the issue was brought up regarding the need for a full-time Elder/Human Services Administrator. The Council on Aging believes that the Department is being managed effectively with the current part-time Administrator.

However, it is our belief that the social services we provide directly to residents of Reading could be expanded as the demand from seniors in need of support exceeds the existing capacity of the full-time Case Worker. It is for that reason we are requesting that in addition to a full-time Case Worker, a part-time Social Worker be included in the FY 15 H/E Services Budget to aid the frailest residents within the Town.

As you may know, Reading had a Social Worker who served in that position for many years and retired less than a year ago. Subsequently, the Department hired a full-time Case Worker who is now on maternity leave. The position is being filled by a part-time interim Social Worker at 29 hours per week.

Our understanding of the need for social services has evolved as there have been staff changes. The interim Social Worker is working a case load of 30 active cases with the focus being strictly on caring for seniors with critical needs (more than ½ the number of active cases). The range of issues she is dealing with include hoarding, self neglect, isolation, mental health, and at risk/safety risks. In addition to these active cases there is a segment of the population that she has been unable to assist due to the time constraints or the relationship building required to do the job effectively.

Due to the size and complexity of the case load this work has been prioritized over the other duties of the job including outreach, emergency planning, managing volunteer service programs, well-being programs and education to name a few.

Elder and Human Services is a division of Community Services that not only supports the residents but works for and with all Departments within the Town including Police, Fire, Health, Schools, Public Works, etc. It is our belief that by adding ½ time additional staffing to the Department will not only benefit the residents but provide added value to all working Departments with the community.

Finance Department FY15 Budget

The Finance Department's FY15 budget is decreased by 1.2% when compared to the previous year.

	FY14	FY15	Change
Accounting	\$189,730	\$178,900	-5.7%
Assessors	\$139,275	\$130,125	-6.6%
Finance	\$391,965	\$403,400	+2.9%
TOTAL	\$720,970	\$712,425	-1.2%

Overview

In this newly re-organized department, the Town Accountant also serves as the Finance Director and department head, while the Treasurer-Collector is the assistant department head. Note the independence of the Accounting, Treasury and Assessing divisions are maintained with this new structure.

Accounting: This division is under the direction of the Town Accountant and is responsible for maintaining financial records for the Town, Schools and Light Department. These records facilitate the preparation of financial reports and schedules that provide meaningful, accurate information for comparability and for management's decision making process. Accounting ensures that all financial transactions are in compliance with legal requirements and are properly recorded on a timely basis.

Assessors: Assessment of property is the first step in the process of tax revenue collection for the Town of Reading. The Assessment Division's function is to provide for the fair and equitable assessment of all taxable real and personal property. A three-member elected Board of Assessors sets policy for this division. Starting in mid-FY13 Reading signed an agreement with the Town of Wakefield to share the Chief Appraiser position.

General Finance: Collections is responsible for collecting all taxes and other charges (including water/sewer/storm water bills). They also receive and process all deposits (such as schools and recreation). Treasury is responsible for providing the cash for the operation of all Town, School and Light Department functions on a timely basis. In addition, it conducts all borrowing and investing activities, including those on behalf of the Town's Trust Funds (at the direction of the Trust Fund Commissioners). Payroll for the Town, School and RMLD departments are all processed 'in-house' through this division.

Staffing (11.4 FTEs; unchanged)
Wage costs \$577,425 -0.7%

Wages	FY14	FY15	Change
Accounting	\$187,430	\$175,900	-6.2%
Assessors	\$51,275	\$53,125	+3.6%
Finance	\$342,965	\$348,400	+1.6%
TOTAL	\$581,670	\$577,425	-0.7%

The decrease in the Accounting wages is driven by the lack of overlap for medical leave in FY15. Note a clerical position previously shared between the Accounting and Finance departments is now fully listed under the Accounting division, which explains an increase in the former and decrease in the latter.

In the summer of 2012 the Towns of Reading and Wakefield signed an agreement to share the Appraiser position through the FY14 triennial revaluation. This agreement was extended by one year in December 2013, pending some expected changes to State law. Once those changes are in place, the regionalized position is expected to go to a Town Meeting vote and become formalized.

Expenses (\$135,000; -3.1%)

Expenses	FY14	FY15	Change
Accounting	\$2,300	\$3,000	+30.4%
Assessors	\$88,000	\$77,000	-12.5%
Finance	\$49,000	\$55,000	+12.2%
TOTAL	\$139,300	\$135,000	-3.1%

Accounting: An increase to professional development drives this increase.

Assessors: An increase to professional development for staff and elected Board members is more than offset by the elimination of revaluation expenses, which occur every three years.

Finance: An increase in banking costs associated with the overall economic improvement coupled with a small increase in professional development expenses drive this increase.

Police Department FY15 Budget

the Uniform expenses are lower as fewer new hires are anticipated in FY15. Some other adjustments to other categories have been made.

Overview

The Reading Police Department budget for FY15 is funded at \$4,501,506 or +3.9% when compared to FY14. Over 95% of this budget is spent on personnel.

Staffing (46.8 FTEs; unchanged)

Wages (\$4,282,506; +3.9%)

In FY15, the department is budgeted for 42 sworn officers (unchanged), two civilian office employees, a civilian part-time Animal Control Officer and part-time Parking Enforcement Officer, and two employees from the Reading Coalition Against Substance Abuse (RCASA). A portion of each RCASA employee salary is grant funded.

Note that the former Police Business Administrator position was moved to the Administrative Services department at November 2013 Town Meeting. This proposed FY15 budget does not make any further changes to the department's personnel.

Promotions within the ranks change some of the wage line items to be different than +3.5%. Overtime has been increased by nearly 10% after several years of little change.

Expenses (\$219,000; +2.6%)

The department's expense budget has been increased by a modest 2.6%. Professional development expenses are increased due to the elimination of State sponsored training programs and

Dispatch FY15 Budget

Overview

The Reading Dispatch budget for FY15 is funded at \$447,010, a 3.5% increase compared with FY14. Almost 95% of this budget is spent on personnel.

Staffing (9 FTEs; no change)

Wages (\$418,900; +3.7%)

Dispatch currently is staffed with eight civilian Telecommunicators and one civilian Head Dispatcher who works several shifts per week as a Telecommunicator and oversees the administration of the Dispatch center. In addition to Town funding, \$50,000 in grant funds are used to offset existing salaries.

Each year this field becomes more complex due to changes in technology and in the Emergency Medical Dispatch requirements. The Reading Dispatch Center is in compliance with these requirements.

Hiring two additional Telecommunicators would be ideal in order to achieve a full staffing level on overnight shifts. Once the outcome of a possible regional dispatch arrangement is known, it will assist in this decision.

Expenses (\$28,110; +1.5%)

Increases in training and professional development are nearly offset by reductions in other line items.

Fire and Emergency Management FY15 Budget

Overview

The total FY15 Fire/EMS budget is funded at \$4,313,925, up 5.9% when compared to FY14. Over 95% of this budget is spent on personnel.

Staffing (49 FTEs; +1.0 FTE +2.0%)

Wage costs (\$4,167,200; +5.9%)

The FY15 budget proposed to add a second in command Executive Officer, which is subject to the collective bargaining process. This position was largely funded by an increase in ambulance fees as voted to be effective March 1, 2014 by the Board of Selectmen. The annual fee increase is projected at an additional \$75,000 to \$100,000, depending on the future mix of services provided.

The Reading Fire Department's existing 48 full time employees are primarily organized around four Groups of Officers and Firefighters. The budget requests the funding of a Chief, Administrative Assistant, four Captains, five Lieutenants, thirty seven Firefighters and two part time Fire Alarm Technicians. Major responsibilities include: Delivery of Emergency Medical Services; Fire Suppression; Fire Prevention and Emergency Management.

Expenses (\$146,725; +4.6%)

The increase in the expense budget was driven by the need to increase ALS supplies and the Uniform budget. An ambulance

billing firm has been hired, but it is too soon to judge the net results of the additional expenses. In general, there is downward pressure on reimbursement rates from the health insurance industry. After the recent ambulance fee increase, the Town's rates remain about 10% below area averages.

** END OF REPORT - Generated by Bob Delacheur **

Public Works FY15 Budget

Overview

The Department of Public Works consists of several divisions including Engineering, Highway and Equipment maintenance, General administration, Storm water (not the enterprise fund), Cemetery, and Parks and Forestry. Town Meeting also votes individual budgets for the categories of Snow and Ice, Street Lights, and Rubbish collection and disposal, as well as the three Enterprise Funds covered in the next budget section.

	FY14	FY15	Change
Engineering	\$389,891	\$426,275	+9.3%
Hwy & Equip.	\$1,473,689	\$1,529,250	+3.8%
Administration	\$356,124	\$321,200	-9.8%
Storm Water	\$167,483	\$173,800	+3.8%
Cemetery	\$193,706	\$205,400	+6.0%
Pks & Forestry	\$569,073	\$576,700	+1.3%
Divisions	\$3,149,966	\$3,232,625	+2.6%
Snow/Lts/Trash	\$2,315,000	\$2,315,000	0%
Department	\$5,464,966	\$5,547,625	+1.5%

Total DPW Division budgets show an increase of only 2.6% in FY15. The Snow and Ice budget is level funded as the Board of Selectmen were concerned about a recent proposal by the state to fund snow and ice budget deficits.

**Staffing (39.4 FTEs; +0.3 +0.8% excludes seasonal workers)
Wage costs – Divisions (\$2,361,075; +2.1%)**

The only proposed change in staffing is the addition of a co-operative education part-time student (for \$16,000) to the Engineering division, at a time when their activity levels due to construction projects (such as West Street) will be very high. Wage increases in the table below appear low due to the influence of a one-time \$43,864 sick leave buyback figure in the FY14 budget. Without this figure, FY15 wages in the department would show a +3.9% increase. This figure was removed in order to calculate the Town operating budget.

Wages	FY14	FY15	Change
Engineering	\$366,141	\$398,025	+8.7%
Hwy&Equip.	\$777,639	\$808,700	+4.0%
Administration	\$337,724	\$302,200	-10.5%
Storm Water	\$160,483	\$166,800	+3.9%
Cemetery	\$150,606	\$161,750	+7.4%
Pks & Forestry	\$519,623	\$523,600	+0.8%
Divisions	\$2,312,216	\$2,361,075	+2.1%
Snow/Lts/Trash	\$115,000	\$115,000	+0%
Department	\$2,427,216	\$2,476,075	+2.0%

Expenses – Divisions (\$871,550; +4.0%)

Engineering expenses are up because of \$4,000 in additional funding needed for police details on the various local construction projects. A new \$15,000 item for gravel crushing appears in the Highway budget to begin needed work to clear space in the Compost Center. There is a possibility that work may be done during the spring of FY14 – if so these FY15 funds would be redirected to pothole repair after a tough winter. Some small dollar increases appear in the Parks & Forestry division.

Expenses	FY14	FY15	Change
Engineering	\$23,750	\$28,250	+18.9%
Hwy&Equip.	\$696,050	\$720,550	+3.5%
Administration	\$18,400	\$19,000	+3.3%
Storm Water	\$7,000	\$7,000	0%
Cemetery	\$43,100	\$43,650	+1.3%
Pks & Forestry	\$49,450	\$53,100	+7.4%
Divisions	\$837,750	\$871,550	+4.0%
Snow/Lts/Trash	\$2,200,000	\$2,200,000	0%
Department	\$3,037,750	\$3,071,550	+1.1%

Public Library FY15 Budget

Overview

The Public Library FY15 budget is proposed as \$1,376,885 or an increase of 3.5%, the same as for the average for all Town department operating budgets. The Library Trustees voted a \$1,483,052 (+11.5%) budget which is included in this packet.

	FY14	FY15	Change
Administration	\$211,994	\$219,181	+3.4%
Circulation	\$217,740	\$216,353	-0.6%
Children's	\$232,810	\$234,834	+0.9%
Reference	\$272,464	\$281,263	+3.2%
Tech Services	\$111,330	\$133,224	+19.7%
Wages	\$1,046,338	\$1,084,855	+3.7%
Expenses	\$284,000	\$292,030	+2.8%
Total	\$1,330,338	\$1,376,885	+3.5%

The Library Building project has a significant impact on the operations for FY15, and recently a Special Town Meeting overwhelmingly passed along a Ballot Question to the voters for an April 1st decision on \$3.5 million in additional funding.

The Library Trustees and Director produced the details of the +3.5% budget for operations in a temporary space, and their overview is included after this page and before the proposed budget.

Note that after the budget is a section which highlights the specific differences between the Library Trustees original request and this +3.5% budget, shown for purposes of transparency and completeness. For example, the Trustees voted to add a new \$56,000 position that would be a liaison

between technology available and the public. It is an intriguing idea, and highlights both the changing nature of Library services and the need to begin discussions about what the Library operating budget should look like when the building renovation project is completed in a couple of years.

This FY15 Library budget complies with the Municipal Appropriation Requirement formula, allowing the Library to be fully certifiable by the Massachusetts Board of Library Commissioners. Materials are proposed to increase from \$198,500 by 4.2% to \$206,830, or just over 15% as required.

Trustees

Library Budget

Fiscal Year 15

Increases:

Overview

The library will be open a full schedule during FY15: four evenings, all day Saturdays year-round, and Sunday afternoons from October to May. The approved and filed FY15 Annual Action Plan calls for increasing outreach, classes, activities, homebound delivery and deposit collections in several locations in Reading for the convenience of patrons and to sustain strong library services overall during an extended hiatus in location.

The Massachusetts Board of Library Commissioners requires full compliance with the Municipal Appropriation Requirement, materials expenditures of 15%, hours open, and meeting all other minimum State Aid standards during a construction project.

Salaries

Reductions:

- The projected budget calls for a slight reduction in Circulation Department staffing levels during FY15 during construction.
- Student pages will be reduced or eliminated in Children's and Circulation Departments for the duration of construction in anticipation of a reduced workload.
- Sundays open are reduced from 35 to 33 during FY15

- All positions are increased with a 1.5% COLA. Steps are budgeted for eligible staff members.
- Administration and Technical Services Divisions reflect increases based on adjustments to positions in FY14.
- The library is requesting (NOT INCLUDED IN BUDGET PRESENTED) funding in Salaries for "Substitutes" to provide funding for 5 hours per week at straight time to maintain minimum staffing levels at public service desks. This will be crucially important in temp space. (Total = \$6,482)

- The Library is proposing (NOT INCLUDED IN BUDGET PRESENTED) funding for a Digital Services & Information Technology Librarian (full job description attached). While it might be thought that this new position should wait for construction to be completed, it is key to recruit and hire a Librarian whose specialty is emerging technologies and library-specific applications right away to lead and advise other professional technology planners, Town IT, library staff, and external consultants, in planning for an increasingly technological environment for the new library. (The position of Technology Librarian was eliminated for budget reasons in 2008 and has been vacant since. This position would partially "replace" that lost position, but would have additional responsibilities that have grown in the intervening years.) (\$56,000)

EXPENSES

Books & Materials

We have a detailed plan for purchase during temp location. The MBLC requires the library to comply with 15% standard, including during construction year. Materials will in general be provided in the most efficient and appropriate format for public borrowing. For example, new adult books are generally purchased in multiple hardcover copies to meet immediate demand, and simultaneously in large print if available, and in audio, and ebook formats. Similarly, the library strives to make children's required reading materials available in several formats, including books, audio, "Playaways" (i.e., MP3-type), and digital. Strict limitations on copyright and consortium lending agreements are often a factor in digital format availability. Multiple subscriptions of popular magazines and newspapers will be available for reading on-site and paperback "kits" will provide readily-available pre-selected grab bags for convenient and light-weight borrowing of a range of reading materials for all ages.

Professional Development

Full plan attached. Fiscal Year 15 is clearly a time to catch up with ever-expanding need for staff training, both traditional and technological. Plan calls for ALL staff to meet certain minimum standards of skills, and to be able to provide basic assistance on commonly-used hardware (microfilm readers, projection equipment, print-vending equipment, etc.) and a more complex ILS (Integrated Library System – i.e., "Evergreen" – new in 2013).The Professional Development plan calls for three-tiers of advanced training in subject specializations, research, reference, reader's advisory, children's development, teen services, early literacy, special services, and management topics.

Transportation

A new item is added to cover increased local travel for outreach, homebound delivery, and servicing deposit collections within Reading.

Library Technology & Tech Supplies

FY15 Budget reduces public technology purchases during temp location: we will not replace public computers on the regular replacement/update cycle during the eighteen months of construction. We will also rely more on library-owned laptops for public use in-house in temp space.

** END OF REPORT - Generated by Bob lacheur **

Public Works – Enterprise Funds FY15 Budget

Enterprise Funds Five Year Plan

In case of financial emergencies, 10% of annual expenditures (Water & Sewer) or \$200,000 (Storm Water) is set aside to be held in Reserve Funds. Current reserves are well in excess of these levels.

Reserves	Feb 2014*	Target	Surplus
St. Water	\$661k	\$200k	\$461k
Water	\$1,609k	\$560k	\$1,049k
Sewer	\$2,084k	\$600k	\$1,484k
Combined	\$4.35 mil	\$1.36 mil	\$2.99 mil

**updated for Special Town Meeting*

The use of the nearly \$2.5 million in excess Water & Sewer reserves combined with capital planning can partner to dampen the volatility that MWRRA assessments may bring to the Reading customer. Some large future Storm Water projects suggest that those reserves should be saved at this time.

Water & Sewer

MWRRA assessments represent a significant portion of Water (35%) and Sewer (76%) budgets, and are expected to rise at an approximated annual rate of 5.6% (Water) and 3.9% (Sewer) for the five-year period FY15-19, as shown in the next table:

	FY15	FY16	FY17	FY18	FY19	Avg
Water	6.0%	7.9%	8.5%	7.1%	-1.1%	5.6%
Sewer	4.0%	2.3%	8.5%	0.3%	4.7%	3.9%

The remaining costs are under some type of Reading control and are projected to increase in the +2% to +4% range over these five years.

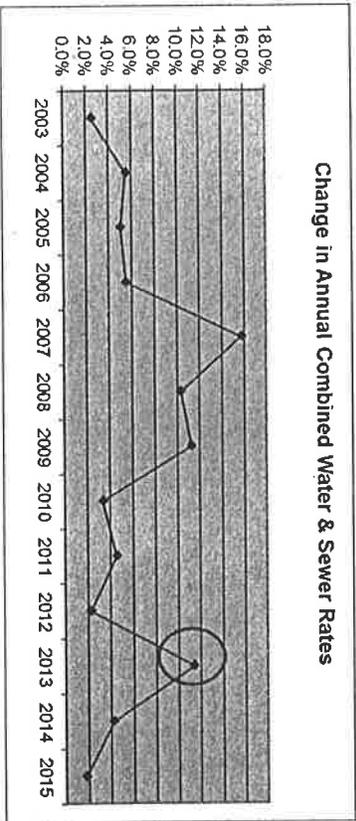

Given this forecast, here is a suggested use of reserves over the next five years. If there are no reserves regenerated during this time, ending FY19 reserve fund levels would be at \$1 million, still well above the 10% minimum:

	W Res. Used	W Net Budget	S Res. Used	S Net Budget	Combined Net Budg.
FY15	\$125k	+2.4%	\$200k	+0.3%	+1.3%
FY16	none	+3.4%	\$275k	+4.7%	+4.0%
FY17	\$200k	+3.5%	\$325k	+4.2%	+3.9%
FY18	\$250k	+5.4%	\$200k	+2.3%	+3.8%
FY19	\$100k	+3.4%	\$200k	+4.0%	+3.7%

Rates

Water and sewer rates are set by a combination of budgets, use of reserves and the volume of usage of water/sewer. Conservation efforts in water usage reduce the charges paid to the MWRRA for water, but rates may actually need to increase to pay the fixed local costs, as was seen in FY13 when an 8.5% increase was needed to offset the change in volume. Current

billing through December 2013 indicates no further adjustments will be needed in FY15 for changes in water usage. **The resulting net combined water (+3.1%) & sewer (+0.7%) rates for FY15 is +1.8%.** A slight increase in each of these rates is to accommodate a three-month delay to the annual rate increase to the December 2014 billing.

Note: year circled influenced by that +8.5% volume impact

Storm Water

The Storm Water Fund rate for all residential parcels is set at a flat \$40 annual fee for FY15. Commercial rates are then determined by their amount of impervious surface when compared to the average residential property. No reserve usage is projected for FY15.

Sewer Enterprise Fund FY15 Budget

Overview

The Sewer Division is responsible for operating the municipal sewer collection systems in accordance with all applicable state, federal and MWRRA regulations for the collection and discharge of wastewater. This ranges from maintaining and repairing 100 miles of sewer mains and 12 pumping stations to responding to customer service needs for individual sewer and drainage problems.

Sewer Fund	FY14	FY15	Change
Wages	\$283,935	\$287,330	+1.2%
Exp (non-MWRA)	\$399,461	\$392,000	-1.9%
GF overhead	\$283,056	\$292,965	+3.5%
Debt + Capital	\$656,934	\$516,934	-21.3%
Local Costs	\$1,623,386	\$1,489,229	-8.3%
MWRA Expense*	\$4,521,077	\$4,643,815	+2.7%
Gross budget	\$6,144,463	\$6,133,044	-0.2%
Use of Reserves#	-\$195,000	-\$200,000	
Net Budget	\$5,949,463	\$5,933,044	-0.2%

* +4% versus actual FY14 # suggested figure for FY15

Local costs decrease by 8.3% in this budget, through a combination of FY15 expense reduction and a \$120,000 capital request moved up to January 2014 Special Town Meeting. Note that without that request, local costs are forecast at between

+2% and +4% for the next five years. There are no changes in FTEs and wages include the same 1.5% COLA assumption as in the general fund budget. The funding of Other Post-Employment Benefits is continued with this budget.

Water Enterprise Fund FY15 Budget

Overview

Water Supply is responsible for the administrative management, operation, technical support, maintenance and security of the drinking water supply in accordance with all Federal, State and local regulations. Water Distribution is responsible for maintaining and operating the municipal water distribution system in accordance with industry standards and all applicable regulations. In addition, this division oversees water meter installation, repair and meter reading as well as the maintenance of all fire hydrants.

Water Fund	FY14	FY15	Change
Wages	\$674,178	\$681,180	+1.0%
Exp (non-MWRA)	\$603,882	\$640,500	+5.1%
GF overhead	\$413,013	\$427,470	+3.5%
Debt + Capital	\$2,745,786	\$1,973,221	-4.7%
Local Costs	\$4,436,859	\$3,722,371	-16.1%
MWRA Expense*	\$1,857,683	\$1,932,043	+4.0%
Gross budget	\$6,294,542	\$5,654,414	-10.2%
Use of Reserves#	\$870,000	\$125,000	
Net Budget	\$5,424,542	\$5,529,414	+2.0%

* +6% versus actual FY14 # suggested figure for FY15

Expenses show an increase chiefly because of a \$40,000 item for water conservation that is required by our DEP consent order. Previously that had been funded through an initial lump sum of capital, but now it becomes an annual expense. Total local costs decrease by 16.1% in this budget. However this change is greatly skewed by mid-year capital expenses (\$750,000 in November '13 and \$120,000 in January '14). Without that impact, local costs for FY15 are +4.2%, and are forecast at between +2% and +4% for the next five years. There are no changes in FTEs and wages include the same 1.5% COLA assumption as in the general fund budget. The funding of Other Post-Employment Benefits is continued with this budget.

Storm Water Enterprise Fund FY15 Budget

Overview

The Storm Water Division consists of some activities conducted under the general fund budget, and some in the enterprise fund budget. As a whole, the Division is responsible for the construction, maintenance and repair of all catch basins and storm drainage systems.

The \$40 annual charge for a single family home, and the analogous per square foot charge based on impervious surface for commercial customers, produces about \$380,000 in annual revenues. Thus the FY15 budget will not require any change to that \$40 level.

Storm Water Enterprise Fund

	FY14	FY15	Change
Wages	\$138,903	\$143,950	+3.6%
Expenses	\$ 63,943	\$ 60,700	-5.1%
Debt & Capital	\$190,000	\$165,000	-13.2%
TOTAL	\$392,846	\$369,650	-5.9%
Use of Reserves#	-\$30,000	none	
Net Budget	\$362,846	\$369,650	+1.9%

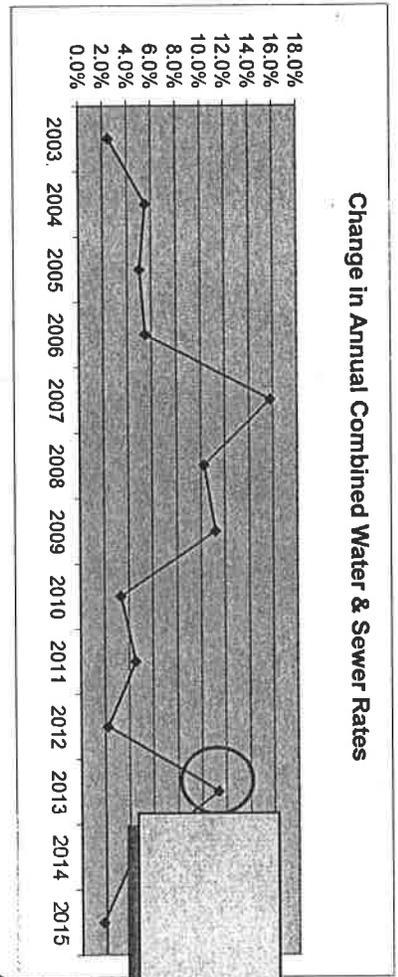

Two large scale capital projects (Saugus & Aberjona Rivers) have been in the Storm Water capital improvements plan since inception, thought they have been moved out in recent years to FY20. The design and permitting capital costs for these projects remain in FY17 and FY18, so the community dialogue about these projects should begin within the next year.

This budget does not yet forecast that new federal requirements will add any additional large scale projects. The funding of Other Post-Employment Benefits is continued with this budget.
