## **PURPOSE, SCOPE AND AUTHORITY**

Today, on August 20, 2013, the Town of Reading is home to over 100 miles of public roadway. These roadways provide residents and visitors with safe and efficient paths of travel throughout town. These roadways also provide an ample supply of parking.

In addition to regulated on-street parking, the town provides several public parking lots to ensure that a proper supply of parking is available to the commercial and commuting needs of the community. The town has put much thought into the design, placement and regulation of such parking. The proper regulation and use of public parking, particularly in the Downtown area of the community, is necessary in order to avoid congestion, reduce traffic collisions, prevent the monopolizing of prime storefront parking (often by employees) and provide convenience to customers and therefore enhance the business environment. To address these issues the Board of Selectmen has adopted a set of rules governing the use of public parking in town, which are part of these Traffic and Parking Regulations.

These Traffic and Parking Regulations also provides limited regulation regarding the operation of motor vehicles.

The Town of Reading derives its authority to enact these regulations from several sources: (1) Section 22 of Chapter 40 of the Massachusetts General Laws, (2) Section 2 of Chapter 85 of the Massachusetts General Laws, (3) Section 9 of Chapter 89 of the Massachusetts General Laws, and (4) Article 8 of the General Bylaws of the Town of Reading. Such regulations may be enacted by the Board of Selectmen and may apply to any ways upon which the motoring public enjoys a right of access and where relevant signs and signals appear. The Reading Police Department is responsible for the enforcement of the regulations contained herein.

Vehicles found parked in violation of the provisions of this section may be moved by or under the direction of an officer to a place where parking is permitted or to a public garage at the owner's expense.

### 5.2 Reading Community Access Stickers, Residents Only

Notwithstanding the exceptions detailed in Article 5.2A below, between the hours of 6:00 a.m. and 10:30 a.m., parking on designated streets and parking lots in and around the Reading Train Depot will be authorized by permit only, excluding Saturdays, Sundays and holidays. Areas to which this Article has been applied are listed under Article 12.

Access to such regulated parking, to the Compost Center, and to overnight parking in municipal parking lots designated by the Board of Selectmen for overnight parking will be restricted to those vehicles that display a Reading Community Access sticker for the current year.

Pursuant to Article 3.2, clear and appropriate signage will be posted in the parking areas restricted by this Article.

Resident Permit stickers in the form of a Reading Community Access sticker will be available to Reading residents only at a cost of \$25.00. Seniors over the age of 65 will receive a discount of \$10.00.

Residents who have more than one vehicle registered to the same family at the same address may secure a Reading Community Access sticker for each vehicle. The cost for each vehicle shall be \$25.00. There are two discounts that may apply. The first discount, known as the Multi-Vehicle Discount, is given to those residents who

simultaneously apply for and purchase multiple stickers at the same time. The multi-vehicle discount reduces the cost of subsequent stickers to \$10.00. The second discount, known as the Senior Discount, reduces the cost of the initial vehicle to \$15.00 for those residents over the age of sixty-five.

These stickers will be available at the Reading Police Station, 15 Union Street, at any time, day or night. Reading Community Access stickers will be issued on an annual basis beginning January 1. They will be available throughout the year but the cost will not be prorated. To obtain a Reading Community Access sticker, Reading residents must show identification to prove that they live in the Town, and that their vehicle is registered in the Town of Reading. Identification must include a Massachusetts Driver's License and a Massachusetts Vehicle Registration both showing the same owner's name at the same Reading address. Reading Community Access stickers will be issued only to the vehicle owner. For leased vehicles, proof from the leasing agency that the resident requesting the sticker has control of the vehicle and that it is garaged at the resident's principle residence will be required.

Residents whose street frontage has a posted "Resident Parking" restriction are eligible to apply for a Reading Community Access permit at no charge. The Town will issue said stickers to abutting residents on the same basis as noted above. This subset of residents shall be issued a number of Reading Community Access stickers equal to the number of vehicles registered at the address. The Reading Community Access stickers issued to said subset of residents will be modified such that the stickers are easily identified, and will not allow access to the Compost Center or to commuter parking in the designated lots, or to other sites for which the regular Reading Community Access sticker is required.

All such parking will be available on a first come, first serve basis, which is to say that the purchase of Reading Community Access stickers by residents does not guarantee a parking space. All permit stickers must be placed on the left side, rear window of the vehicle, as far towards the rear as possible. Only current stickers may be displayed—previous year's stickers must be removed. Permit stickers are not transferable to any other vehicle. If a vehicle is sold, the sticker must be removed, and the old sticker may be submitted to the Reading Police Department. A new sticker will then be issued at no additional cost for the period that the old sticker applies.

No person shall sell, offer for sale, give, trade or otherwise transfer a Reading Community Access sticker to another person, or affix the sticker to a motor vehicle other than for the one issued or alter the sticker. Violation of this section will result in revocation of the sticker and parking privileges, and may be prosecuted according to law.

Parking in all regulated areas, where not parallel to the street, will be front-in parking only to enable the Town to properly enforce these requirements. Parking in designated areas without a sticker shall subject the vehicle owner to a parking fine in accordance with Town regulations and denial of access to the Compost Center.

Handicapped Parking will be permitted in designated spaces with a State Handicapped Parking Permit, and no Reading Community Access sticker or Employee Parking sticker will be required.

All other posted Rules and Regulations of the Town, in addition to the permit parking regulations, must be followed.

### **5.2A Employee Parking Stickers, Downtown Business District**

Pursuant to Article 5.4.1A, most parking in the Downtown Business District is limited to one-hundred twenty minutes from 8:30 a.m. to 5:00 p.m. on Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays.

However, specific parking areas within the Downtown Business District may be designated as Employee Parking and will allow, by official permit only, employees of downtown businesses to park within said areas without being subject to the time restriction detailed in Article 5.2. Employee parking will be limited to designated areas, which will be identified by official signage. Areas to which this Article has been applied as listed under Article 12.

Employee Parking stickers shall be available for a fee of twenty dollars per month, sold annually. The Chief of Police shall have the authority to establish such rules and regulations as are appropriate to ensure that such stickers are being used by employees of the businesses located in the Downtown Business District. Permits will be for parking during working hours only.

For residents whose street frontage has a restriction for Employee Parking, the Town will issue upon application to the resident on the same basis as noted above, Employee Parking stickers equal to the number of vehicles registered at the address. There will be no charge for the Employee Parking sticker in this situation.

All such parking will be available on a first come, first served basis, which is to say that purchase of Employee Parking stickers by employees does not guarantee a parking space.

Employee Parking stickers may be sold in the amount of twenty percent more than the total of designated spaces in order to achieve full utilization of the Employee Parking areas.

Employee Parking stickers are available as units to be displayed by hanging from the interior rear view mirror. Permit stickers are not transferable to any other vehicle. No person shall sell, offer for sale, give, trade or otherwise transfer an Employee Parking sticker to another person. Violation of this section will result in revocation of the sticker and parking privileges, and may be prosecuted according to law.

Parking in all regulated areas, where not parallel to the street, will be front-in parking only to enable the Town to properly enforce these requirements. Parking in designated areas without a sticker shall subject the vehicle owner to a parking fine in accordance with Town regulations and denial of access to the Compost Center.

Handicapped Parking will be permitted in designated spaces with a State Handicapped Parking Permit, and no Employee Parking sticker will be required.

All other posted Rules and Regulations of the Town, in addition to the permit parking regulations, must be followed.
