

## **Volunteers Needed to Serve on the Cultural Council**

The Reading Cultural Council is seeking to fill one Full Membership vacancy.

The Cultural Council strives to foster local creative and artistic expression and appreciation. Each year, the Council awards a number of grants to individuals and organizations offering cultural programs that serve our community. These often include field trips, after school programs, festivals, dance, music, theater and film programs. The projects take place in our schools, the library, elder care facilities, public meeting rooms, parks and wherever the community comes together. The Reading Cultural Council is part of the Local Cultural Council (LCC) program, a statewide cultural funding network authorized and funded by the Massachusetts Cultural Council (<http://www.massculturalcouncil.org/>).

The Council holds public meetings once a month.

Individuals of all backgrounds interested in or involved in supporting creative arts expression in Reading are encouraged to attend a Reading Cultural Council meeting or contact the Reading Cultural Council chair to learn more about the Council's work and duties.
