

*The Town of Reading is committed to protecting the environment and conserving water—a precious and limited resource.*

*We encourage you to help the Town with its conservation efforts!*

# Water Conservation Program Notice

## Water Audits

The Town continues to offer homeowners free indoor and outdoor (irrigation) water audits.

The irrigation water audit is intended to help homeowners identify opportunities to reduce water used for landscaping. They are available for a limited time on a first-come first-serve basis!

Call ENE at (888) 772-4242 to schedule an appointment with a certified auditor to review your indoor and/or landscaping water use.

## Program Rebates

It's not too late to participate in the rebate component of the Water Conservation Program by replacing old inefficient fixtures and appliances in your home with ones that help to conserve water and energy. You may be eligible for rebates if you:

- Install a low-flow toilet
- Purchase a new high-efficiency clothes washer
- Purchase and install a rain sensor
- Purchase and install a Great American Rain Barrel™

For more information regarding the Water Conservation Program or on rebate eligibility call (781) 942-0050 or log on to the Town's website at [www.ci.reading.ma.us/Pages/ReadingMA\\_Water/conservation/index](http://www.ci.reading.ma.us/Pages/ReadingMA_Water/conservation/index)

*Participating in the Water Conservation Program will help you conserve water while lowering your water and energy costs!*
