1	I avoid the town now because parking is limited. I enjoy the holiday decorations and used to visit to walk around, get coffee, and just appreciate the town. And besides that there's really not a lot that the writing center has to offer as far as shopping or walking around and seeing little shops and stuff. They should definitely be a little convenient store. And may I add, and it is medical, that we get a cannabis store in Reading. It's not going to do anything to the Town Of Reading believe me. 16	Tough to find parking in lot behind CVS on some nights. Also, not enough parking for commuter rail.	11/1/2021 3:06 PM
17	I fear parking will get far tighter once all of the 40R projects get fully developed. Studies have shown that people will not visit a business if they can't park within very close proximity of the front door of the business. Reading needs more readily accessible parking for those utilizing the downtown.	11/1/2021 9:14 AM
18	I have to drive to oak grove and park my car because there is not any parking at the commuter rail. I do not use the commuter rail every day so to buy a sticker probably is not worth it.	10/31/2021 4:52 PM

40	The parking around CVS is terrible. Both front and back lots fill quickly. It's hard to find additional parking when those lots are full due to the one way flow of traffic on Haven. I worry that the new businesses and housing will only make it worse.	10/24/2021 8:45 AM

82	Most of the time it has adequate parking	10/18/2021 1:04 PM
83	The 3 parking spots at corner of Green and Main should be eliminated. Impossible to see what is coming north on main without driving into traffic lane	10/18/2021 10:39 AM
84	Please look into buying the property on Woburn Street that is empty and possibly convert that into a wider entrance / extra exit of a parking garage for the lot behind CVS. This could even be a paid parking lot to help cover maintenance costs.	10/18/2021 10:23 AM
85	The amount of cars parked on the street adjacent to the new developments is concerning. It makes neighborhoods, at the edges of the downtown district, less safe for pedestrians (at least from what I can see.)	10/18/2021 9:24 AM
86	Parking for shopping at CVS is getting more challenging. Last trip I had to use the one open bank space to pick up a prescription.	10/18/2021 9:13 AM

105	Parking With an elderly person with terminal illness but not "disabled" it is annoying when spots are taken up by train commuters or even DPW vehicles (why are they using town vehicles to drive to breakfast??) and employees and yet it's seemingly a right vs infirm elders. Do better.	10/17/2021 10:48 AM

110	Occasionally it is difficult to find a parking place. Usually, it is fairly easy.	10/17/2021 8:32 AM

2021 Reading Parking Survey

111	Hard today with influx of construction vehicles	10/17/2021 8:30 AM

124	Adequate parking for my needs right now. If downtown reading had more shops, I would love to shop downtown as opposed to heading out of town for shopping and errands. If that were the case I would need more parking . Also I usually head out of town (north reading) Bc of ease of parking and less traffic to run errands	10/16/2021 3:46 PM
125	The pandemic is messing up answer choices. There are times when I have to skip going to CVS to pick up prescriptions or OTC items because there are no spaces. I'm considering changing my CVS Rx location to North Reading. If taking the train into Boston, I will drive to Anderson in Woburn where I know I can get a space to park, and the train makes less stops on the way to North Station.	10/16/2021 3:17 PM

141	Parking lot behind CVS is ridiculously overcrowded with downtown parking spillover. Very frustrating when needing to go to CVS	10/11/2021 7:20 PM
142	I can usually find a spot on 28, but rarely need to use side streets or lot behind CVS	10/8/2021 5:01 AM
143	This is a tough time for s survey with only partial recovery from Covid. Many people are not back to their regular routines, so parking is not being used in the "normal" manner.	10/6/2021 3:54 PM
144	I don't feel my customers think we have adequate enough parking for them.	10/5/2021 12:34 PM
145	Need more parking build a union built garage behind cvs	10/5/2021 10:10 AM
146	My clients come to my photo studio and are there for at least 3 hours. They don't like only having 2 hour parking options. I park a good distance from my work bc of the parking limit as well.	10/5/2021 9:29 AM

153	Reading will need additional parking as more of the downtown businesses in empty stores, online. Also, with the additional construction going on on Main Street and Havens Street area more parking will be needed. The parking lot behind CVS is insufficient and always crowded	10/1/2021 7:58 AM
154	I avoid downtown when I know parking will be more limited	9/30/2021 8:21 PM
155	I time my stops to avoid traffic ans/or parking issues. I don't go on Saturdays and don't go there to leisurely shop but would if parking were easier. It's not so much that the parking suits my needs but rather that I've adjusted to the parking reality. My biggest gripe is that once you try for a spot in the lot behind CVS, you have to drive way far away from other parking options to get back around. I'd rather that the lit entrance was on haven and the exit on Woburn so that it would be easier to make loops. You can't make a loop the way it is.m and see all the options on a single loop.	9/30/2021 8:04 PM
156	Tough to park after 5pm	9/30/2021 6:04 PM

162	9 times out of 10 I have no issues, but there have been times when I had to circle the downtown area a few times to find a spot. If I'm willing to walk a few blocks, it's rarely an issue.	9/29/2021 7:29 AM
163	Need a parking garage, like every other growing community	9/29/2021 7:23 AM

188	There is not enough parking in front of and behind cvs or on haven street (especially during the day.)	9/28/2021 5:40 PM
189	Covid has changed the parking dynamic. Prior to Covid there were no spaces. During Covid was dominated by unregulated construction vehicles. 197	There should be no 4 hour parking allowed in the parking lot behind CVS. Only employees of companies in that area need that & should park elsewhere. Being a customer to the establishments in that area during the day would never last longer than 2 hours so please change it back to 2 hours. This is long overdue!!	9/28/2021 6:57 AM
198	Construction vehicles have been taking prime parking spots for months	9/27/2021 7:01 PM

2021 Reading Parking Survey

200	I live in a building that is across from a parking lot that is hardly ever used and yet it has lift gates. Next door is the Knights but all spaces are taken.	9/26/2021 12:17 PM
201	Overnight parking needed	9/26/2021 6:16 AM
202	Often hard to find parking in high demand area around CVS/vet/Nero's almost any time, but particularly afternoon on. This is problematic in the front and in the back parking lot. Parking has frequently been tricky along Haven Street also but I don't know how much is related to construction worker parking.	9/25/2021 7:37 AM
203	I try to avoid times of day where I expect parking to be difficult	9/25/2021 7:22 AM
204	Depends on time of day, sometimes lots are completely full	9/25/2021 6:29 AM
205	Don't need 4 hr spots behind cvs	9/24/2021 7:22 PM
206	I live at Ace Flats on Gould St. I worry about where my guests will park in the winter time with the snow parking ban. I also feel there should be handicap parking out front for visitors and residents not just shoppers and diners.	9/24/2021 6:25 PM
207	Not always! So I just leave and have to come another time!	9/24/2021 5:35 PM
208	Reading police will not issue parking tickets to nonresident illegal parking	9/24/2021 9:19 AM
209	My answers would be different if you were asking pre-pandemic. It is a lot easier in my opinion to find parking downtown now than compared to 2 years ago.	9/24/2021 7:37 AM
210	I am residents who try to shop local and I own a business. My patrons complain daily that it takes more than 10 minutes for them to find parking between 10am and 3pm.	9/24/2021 6:31 AM
211	Reading has become a city. Too many apartments and condo. No parking and won't have enough schools poor planning	9/24/2021 6:25 AM
212	Need more parking	9/23/2021 7:05 PM
213	We have enough barely for now, but we will need much more to support future retail growth	9/23/2021 5:29 PM
214	I can walk downtown and some days I walk because I know I will not findparkig	9/23/2021 5:02 PM
215	I'm retired so I can go when not too busy, have noticed the new downtown housing has taken up more spaces where they used to be empty. Future restaurants/bars opening soon going to cause big issue on Haven St.	9/23/2021 4:11 PM
216	Lots are often full	9/23/2021 12:21 PM
217	Definitely need more handicap parking spaces	9/23/2021 11:53 AM
218	You need traffic enforcement, particularly for the construction clvehicles that park on the street for much longer than allowed. Itnis making it difficult to park for necessity appointments and hurting businesses when residents choose to drive elsewhere due to no spaces. I would like to have my business to town businesses but go elsewhere if no viable spaces. I'm sure many of us do.	9/23/2021 11:37 AM
219	Got an Hp plaque after much frustration finding a spot	9/23/2021 11:12 AM
220	COMPLETE LACK of handicap parking on Haven St and lot behind CVS and Main St	9/23/2021 10:46 AM
221	Need some handicap parking in square. Behind CVS is not sufficient for someone shopping on Main St that is handicap, or on oxygen.	9/23/2021 10:22 AM
222	Always hard to find a spot at night going to the gym.	9/23/2021 5:54 AM

225	It's going to get worse with more housing . Whose. Idea is it to keep bullding	9/21/2021 7:23 PM
226	I moved into office space during Covid. The only reason parking is ok is because we can park by the train tracks becuase their are so few commuters. I have no idea what we'll do come	9/20/2021 10:34 AM

2021 Reading Parking Survey

1/1/2022 if that option is no longer allowed to us.

227	Not practical to bring dry cleaning by walking	9/20/2021 8:38 AM
228	I wish we made Reading less car focused. Provide a free trolley or make it more walkable instead of all cars and parking	9/20/2021 7:35 AM
229	The parking down town is horrible. I have to loop through down town 6 to 8 times	9/19/2021 8:54 PM
230	Not for handicapped folks	9/18/2021 8:32 PM
231	Very limited parking and because of that, penalties for timed parking create serious drawbacks to doing business in downtown Reading.	9/18/2021 5:15 PM
232	Parking, along with traffic lights, roads, & infrastructure in general is extremely inefficient, and time consuming. It makes trip to anything downtown unpleasant. Our town should want this to be pleasant experience for all. Why certain things go unaddressed for years on end is beyond me. We can't ignore things forever.	9/18/2021 1:02 PM
233	ESPECIALLY Pre pandemic Th & Fri evenings restaurants made CVS lot FULL - now more restaurants	9/17/2021 1:53 PM
234	I will opt for other business locations due to lack of parking downtown	9/16/2021 2:12 PM
235	But it is becoming more and more difficult. Construction workers should not be allowed to park in 2 hour spaces.	9/16/2021 10:54 AM
236	The parking behind CVS has become terrible. Many times I have to go home and try much later or the next day or go to another town.	9/16/2021 6:57 AM
237	Usually there is adequate parking for my needs. There have been times in winter when lots or street spaces are not plowed well and I have been unable to find a spot. I fear with new restaurants opening on Haven that I will not be able to find a spot.	9/16/2021 3:43 AM
238	Stop allowing the apartments and condos to only allocate one spot per resident! There should be 2 designated spots as well as more than a few visitor spots ! This should be a mandate or the builder should have to eliminate the apt numbers until they reach the parking needs required by the town	9/15/2021 1:16 PM
239	Mainly, downtown Reading does not have that many businesses I need and too many traffic lights and traffic to deal with it. I just go elsewhere, either within Reading or nearby. If I thought I would be going to Reading downtown more often, I would perceive it as having not enough parking. But my pharmacy is elsewhere, most shopping I do is elsewhere, I rarely go to the restaurants downtown, etc., so my perception may be off.	9/15/2021 10:58 AM
240	Employee spots are always full.	9/15/2021 10:01 AM
241	Most of the time, I can find parking within a few minutes. It is only occasionally that I need to drive a couple loops around the center in order to find parking.	9/15/2021 9:43 AM
242	I'm concerned about the increased number of apartments and increased parking needs. My office will also be moving to a new location on Haven with limited parking	9/15/2021 8:12 AM
243	I have never had an issue finding parking	9/14/2021 9:03 PM
244	When I plan to spend more than 30 minutes somewhere within down town, I usually will walk as I live nearby. If I did not live as close I may have different parking experiences.	9/14/2021 7:23 PM
245	Never has.	9/14/2021 7:02 PM
246	There are too many employees taking up spaces. You can tell just by the sheer volume during mid day when most people are working.	9/13/2021 8:55 PM
247	Some of the time	9/13/2021 7:27 PM
248	Very little parking behind CVS for shopping, etc	9/13/2021 6:21 PM
249	Not necessarily for needs of my dad	9/13/2021 5:59 PM
250	I have learned how and where to hunt around.	9/13/2021 1:49 PM
251	Increasingly difficult to park near chiropractor unless I go before 9am, which I can't always do	9/13/2021 12:57 PM

2021 Reading Parking Survey

252	There was no enforcement on the construction workers for projects at post office and other sire	9/13/2021 10:33 AM
253	Parking for cars is fine as is. 9 times out of 10 when I need to park, there's a spot extremely close to my destination. I'm sure that during peak times, finding a spot right in front can be a little bit challenging. But please do not prioritize expanding peak capacity -- which is relevant only a small fraction of the time -- over a walkable and vibrant downtown.	9/13/2021 9:57 AM
254	Please incentivize employees to park in designated spots.	9/13/2021 7:47 AM
255	Parking and safe access from parking to destinations is awful, esp for people with children or with disabilities. You may find a space "nearby" but have to cross 3 busy intersections or a 4 lane road to get there.	9/12/2021 6:26 PM
256	Access to parking is difficult during prime time after 3pm and made even worse with bad traffic. Often cannot find parking behind cvs	9/12/2021 2:06 PM
257	Overnight parking - can the senior citizen parking lot be used for overnight parking?	9/12/2021 7:43 AM
258	Please more retail/food/events and not more parking lots right in downtown	9/11/2021 8:40 PM
259	additional short term 30 min or less and mostly disabled parking is needed	9/11/2021 2:09 PM
260	Inadequate Handicap Parking. The one HP space in front of Venetian Moon restaurant is take every weekday by the same vehicle (MA plate Waikiki) all day long. Thus, there is no HP parking downtown Main Street. I take my retail business elsewhere, outside of Reading where HP is available.	9/11/2021 9:58 AM
261	I've never had an issue finding a parking space downtown.	9/11/2021 7:25 AM
262	Street spots don't cut it, area behind CVS needs to be a garage	9/10/2021 8:54 PM

264	I think that there is enough parking, I think that they could improve the flow of parking.	9/10/2021 2:18 PM
265	It can be challenging in the Haven/ Depo area during the day	9/10/2021 11:29 AM
266	As long as construction vehicles are not using spots	9/10/2021 9:38 AM
267	There is plenty of parking at most times especially if you get the contractors out of the area. They take up most of the spaces and it appears without ticketing? They park where ever they want when they want. Until the constructions is fully completed I have chosen to avoid the down town are except for early Am or later in the PM	9/10/2021 8:18 AM
268	I think compost zone should be a free sticker for all residents always.	9/10/2021 7:36 AM
269	Plenty on Haven. Tougher on Main St.	9/9/2021 10:07 PM
270	We need more parking behind CVS, especially during weekdays. Maybe a raised parking complex or something similar.	9/9/2021 9:13 PM
271	Remove parking in front of Nero/ CVS and turn into pedestrian only for dining usage and lounging Build parking structure behind CVS.	9/9/2021 9:10 PM
272	Town Employee parking should be in the block behind retail stores. Two hour limit would be sufficient limit for any spot down town.	9/9/2021 8:11 PM
273	A parking garage in the municipal lot would solve the current shortage and allow for growth and hopefully attract it	9/9/2021 7:29 PM
274	My personal parking needs are met, but I also need the Town to have adequate parking for visitors so that my favorite businesses will thrive.	9/9/2021 7:00 PM
275	Parking is randomly available. Not well laid out at all.	9/9/2021 6:46 PM
276	It is very difficult lately to find a space in the middle of the day in the municipal lot behind CVS. There doesn't seem to be much turnover. Perhaps employees are parking there. Makes it difficult to use those businesses.	9/9/2021 6:29 PM

47	I do have an electric car but I charge it at home	9/25/2021 6:29 AM
48	Good luck, you've let the downtown area get to densely populated, no easy solutions. Don't allow any more housing in downtown.	9/23/2021 4:11 PM

52	Want to support local business and restaurants but parking is a roadblock since restaurants need more time and you can't guarantee that CVS will be under 10 minutes if you need a prescription for instance.	9/20/2021 8:38 AM
53	No need!! Our electric bills in town would rise out of site to keep up with electric needs if everyone drove an electric car!	9/18/2021 5:15 PM
54	It would depend on weather.	9/16/2021 10:54 AM
55	Since I live in Reading, I would likely want to park closer to my downtown destination for the short stops I usually make and just rely on charging at home.	9/15/2021 8:50 AM
56	The town should not have any financial investment in creating or maintaining Electric Charging Parking Spots.	9/13/2021 9:46 PM
57	Parking behind CVS is the most central. I have never understood why we don't dig down and put in a garage. It makes sense. Having employees park elsewhere would help with parking. Taking stock in how many employees are parking during the week is a key number for Reading to know. We can't accommodate all of them, and people shopping and running errands	9/13/2021 8:55 PM

60	Chargepoint stations automatically charge \$20/per hour for people who do not move the vehicle after charging is complete. This is a great incentive!	9/13/2021 7:47 AM
61	People can charge their cars at home. They dont need to charge to run a few quick errands in town. Also, will the town provide free gas stations? Why is electric fuel provided free but gas not?	9/12/2021 6:26 PM
62	not planning to have an electric car in the near future but know that Reading is not offering any free charging station when other town businesses are.	9/12/2021 2:06 PM
63	Parking can be tight. Restricting space to EV might backfire	9/11/2021 3:18 PM
64	If it is in lieu of disabled parking then no. If used by residents - then why can't they charge when they can at home. Unlikely this will draw people from out of town, just a convenience for some and a hot talking point	9/11/2021 2:09 PM

93	Depends on time of day and vehicle driving. I don't go downtown to run errands anymore because I can't find parking	9/23/2021 10:16 AM
94	I said easy on all CVS is constantly turning over and can take one loop to open but that's easy. Main st is easy for a spot but can be hard with traffic.	9/22/2021 3:19 PM
95	Use to be easier to find parking but find that it's gotten progressively worse over time. Still can find parking but takes more "loops around"	9/20/2021 11:16 PM
96	There is not a lot of parking during daytime hours. If I can't find parking right away, I leave and shop elsewhere. I want to patronize the local businesses, but if I circle around twice and there's no parking, it's faster just to go to the big stores with lots of parking.	9/20/2021 10:34 AM
97	Depends on time of day, inclement weather regarding availability . Seems like meters output to be added with max of 2 hours for certain spots, and if only needed for 10 minutes, that's all one would pay for.	9/20/2021 8:38 AM
98	Parking at the train depot was difficult pre-covid even with the sticker and I imagine that will return eventually	9/20/2021 7:35 AM
99	Back parking lot at cvs is horrible. No spots available due to people in exercise classes and at the salons	9/19/2021 8:54 PM
100	Flexibility and cost of depot/long term parking should be considered. would be an consideration, maybe even a deterrent, for working in Boston, sometimes has been deterrent even for day trips, not being able to park there	9/19/2021 7:42 PM

102	I'm answering about pre pandemic. I don't know what it will be post... Will people commute on train again?	9/17/2021 1:53 PM
103	Main street parking is challenging, traveling north from home not easy to grab available spots going south would prefer a Lot. Sometimes use the front of CVS parking lot just aTo reverse directions. And the one-way Haven Street and exit from behind CVS don't help for Professor's market or Quik stop area below the center.	9/16/2021 2:12 PM
104	Easy and Difficult are too binary. It really depends on the time of day for all of the above. It is so hit or miss.	9/16/2021 3:43 AM
105	I often used to park in lot behind old Walgreens on Main, but that seems to be filled all the time with residents.	9/15/2021 10:58 AM
106	Parking at the Brande Court lot or CVS is almost impossible during daytime working hours.	9/15/2021 10:01 AM

113	* Easy most day times, but more difficult at night. Also depends on if any special events are happening at all.	9/13/2021 1:49 PM
114	Marked "no" for a lot of these, but honestly it is completely fine with me if I have to park on Woburn St and walk to Main St. Walking for <5 minutes to get to my destination is not a burden at all.	9/13/2021 9:57 AM

122	The only reason I park at the depot is because I usually have a commuter pass and do not need to hassle with the other town lots	9/10/2021 8:18 AM
123	Correlate to time of day... it would be nice to park right on Main or in a cobblestone lot but it depends on when you can get one.	9/9/2021 11:12 PM
124	You need a MODERATE option. Easy and Hard don't provide enough differentiation. Maybe a scale of 1 to 5 would have been better.	9/9/2021 9:13 PM
125	Spot closest to my destination. Whichever lot that is.	9/9/2021 8:11 PM
126	Haven St. east of Main is extremely narrow and can't accommodate 2-way traffic when cars are parked at the curb. This is exacerbated by the tendency of the business at #321 to use the street (instead of their two parking areas) to board and discharge passengers multiple times a day. Consider limiting parking to one side only, similar to what was recently done to Village St.	9/9/2021 7:00 PM
127	I can't say it is "difficult" but it is not easy, and is becoming increasingly difficult.	9/9/2021 6:29 PM

11	It has been getting more difficult to park over the last 6 months.	10/19/2021 9:32 AM
12	Again, some way for residents to use the depot parking for OCCASIONAL weekday trips into Boston.	10/19/2021 5:34 AM
13	There is no need for residence stickers. If they stop building housing down town we would have a parking problem.	10/18/2021 4:38 PM
14	Typically walk to the Commuter Rail.	10/18/2021 3:30 PM
15	Parking needs to be easy to support local Business. If it's difficult I will go else's. Parking Works as is don't mess with it.	10/18/2021 10:18 AM
16	I don't even know where all these zones are, but typically when I need a linger spot (for the dentist) only a 15 min is available.	10/18/2021 6:12 AM
17	Another choice besides yes/no could be usually or not always. Not everyone falls into a strictly yes/no category under any of these questions.	10/17/2021 9:53 PM
18	This question is very confusing.	10/17/2021 5:25 PM
19	Appropriate language is 'accessible'. The spot is not disabled.	10/17/2021 3:50 PM

21	I don't even know where the 4 hour zone is	10/17/2021 8:35 AM
22	Parking is plenty downtown, especially compared to neighboring towns. Please focus on sidewalks near commuter rail. They are awful!	10/16/2021 6:58 PM
23	I've never seen/noticed any parking restrictions in d oh a town Reading.	10/16/2021 6:18 PM

26	Turn Walgreens into parking	10/16/2021 1:37 PM
27	4 hour limit in CVS lot leads to a lot of employee parking. Occasionally this is handy for me; however, I feel I am intruding upon shoppers by taking a spot.	10/15/2021 9:25 AM
28	2 hour zones: around downtown* -- 30 minutes zones: around CVS* -- Handicap parking: helpful	10/13/2021 9:44 AM

2021 Reading Parking Survey

39	It is really hard to tell parking with all the open spots at train. All the apartments on Haven are a little concerning. They do have parking underneath which is good.	9/28/2021 8:32 PM
40	Check out Melrose. I find the wording for this section difficult to answer.	9/28/2021 6:58 PM
41	Why does the Reading Cooperative Bank have precious spaces in the town lot. Don't they have their own lot on Sanborn St.?	9/28/2021 6:24 PM
42	Thank you	9/28/2021 6:11 PM
43	Sanborn St is used by commuters. S/B 2 hr parking.	9/28/2021 4:05 PM
44	Find it odd that the 30 min spots in front of CVS are on the Main Street side of the lot. They should be in front of the stores.	9/28/2021 3:24 PM
45	\$150 for resident commuter parking is excessive, especially in remote/hybrid work environment	9/28/2021 2:38 PM
46	How can you have zone parking and no one to enforce it	9/28/2021 12:13 PM
47	I do not purchase an employee parking sticker because the zone is so small, there are rarely any spaces to use anyway. It seems like a waste of money.	9/27/2021 6:40 AM
48	Not enough short term parking. There's a big difference between 30 min. and then the step up to 120 minutes. Definitely a need for more 30-60 minute parking spots in high demand areas that is then actually enforced.	9/25/2021 7:37 AM
49	I live downtown but parking for visitors is often a problem.	9/25/2021 5:17 AM
50	Police need to give tickets ad or tow	9/24/2021 9:19 AM
51	No one works for 2 hours and can't have 12 spaces for 2 building train workers aren't coming back in 4 hours and reading resident shouldn't have to pay to work in their town they pay taxes in high taxes	9/24/2021 6:25 AM
52	You need to enforce the time limit if you want compliance. And we need compliance.	9/23/2021 11:37 AM
53	This town lacks handicap parking in the busiest areas like Haven St.	9/23/2021 10:46 AM
54	I live on a high traffic street with no parking restrictions; the street include a new condo building Post Office where new residents are taking up street spots two dance schools including one that functions as a conservatory with full time day students and faculty with no parking lot. Creative Arts is also housed in the church on Sanborn Street. Northeast Youth Ballet and Conservatory is open 6 days a week from 9- 8pm most evenings . Sundays there are also events	9/22/2021 6:22 PM
55	My needs are not needed for over 4 hours but I've seen retail and restaurant workers park in the 4 hour spots. It can take up spots for patrons but even with that there is still spaces available.	9/22/2021 3:19 PM
56	You have to be a rocket scientist to understand the zones!	9/20/2021 10:34 AM
57	not enough public HP parking downtown	9/18/2021 8:32 PM
58	I actually cannot honestly speak to the above types of restricted parking. If these specific parking designations actually exit or are being considered, there would be no spaces available to a person who does not fit into these categories.	9/18/2021 5:15 PM
59	Pass for commuter MBTA parking got too expensive, and it filled up too fast! For future- need more all day parking around train - all new apts!	9/17/2021 1:53 PM
60	I have not today its been impacted by zones, just availability in general	9/16/2021 2:12 PM
61	would depend on where employee parking options are to answer wuestion	9/15/2021 9:03 PM

63	I actually switched from cvs in reading to north reading because of parking issues	9/14/2021 7:02 PM
64	We need employee stickers for people who work downtown, Basically we need an employee lot (but this goes back to figuring out how many employees are parking and at what times of days.)	9/13/2021 8:55 PM

2021 Reading Parking Survey

65	I have not noticed Residence, 2hr/employee, or 4hr zones on parking signs.	9/13/2021 12:57 PM
66	not enough handicapped spots no enforcement see people parking in spots with no sticker or expired stickers	9/13/2021 10:33 AM
67	I am not opposed to meters in highly6 utilized areas but they should be solar and accept debit/credit as is standard in all towns/cities these days. Would love a grace period or low charges that rise after 30 minutes or 90 minutes as appropriate.	9/13/2021 7:47 AM
68	Limiting time hinders businesses in town because people would maybe eat/shop/stroll but if they have a time limit and risk a fine- they are likely to do their business and leave right after without additional stops.	9/12/2021 6:26 PM
69	Inadequate HP parking.	9/11/2021 9:58 AM
70	If I want to walk downtown, I usually just walk to downtown from my home. If I have an errand I'll drive over park for five minutes and then leave.	9/11/2021 7:25 AM
71	Too many non commuter cars in the MBTA lot Pre Covid. lots of NH plates	9/10/2021 8:18 AM
72	North Reading Resident should have option to pay for Reading town MBTA parking.	9/9/2021 7:45 PM
73	Again, we always walk.	9/9/2021 7:00 PM
74	I really think the higher use areas in front of cvs and Main Street should have matters to encourage turnover instead of just 2 hr limits.	9/9/2021 6:45 PM
75	I don't know what your zone references really mean	9/9/2021 5:38 PM

	Regardless, parking hasn't been a huge problem for me, but I don't mind walking.	
50	I shop outside of reading because there aren't enough opportunities to shop IN Reading! More needs to be done to attract business and restaurants! Maybe more parking will help?	10/17/2021 4:07 PM
51	Depends on my needs	10/17/2021 3:50 PM

89	Depends on service	9/28/2021 4:38 PM
90	I usually shop in other towns because Reading doesn't have the type of store I need. For example, I seldom go to CVS because they frequently have limited stock of what zi need.	9/28/2021 3:33 PM
91	Sometimes	9/28/2021 6:57 AM
92	Difficulty in finding parking has not yet impacted my decisions about using services there yet, but it is of concern. I am very familiar with downtown Reading so it's easy for me to consider other near-by options and to locate them when things are tight. But it can be very frustrating when the need is to get a sick animal to the vet or head to CVS for a particular medication.	9/25/2021 7:37 AM

97	I get my prescription at CVS in North Reading because parking in Reading isn't reliable	9/23/2021 6:30 PM

102	Sometimes do my errands in Lexington where i work	9/23/2021 5:54 AM
103	I shop local because its easy and we have what I need. I eat local (VM, Biltmore, Green Tomato, Drews Stews), shop at Aines, everything but the dog, biss, Whitelam and get my hair done local.	9/22/2021 3:19 PM
104	Our lack of interesting stores or decent restaurants sends me away from reading more than parking	9/20/2021 7:35 AM
105	Sometimes	9/19/2021 8:28 AM
106	Generally that is the case.	9/18/2021 5:15 PM
107	sometimes	9/17/2021 1:53 PM
108	I can think of several businesses that I do not frequent because they are downtown and I can't be sure of parking availability.	9/16/2021 2:12 PM
109	For example, if I need to stop by CVS but can't find parking I will just continue on to Walgreens or Target in Stoneham. Same for picking up food that I have not pre-ordered.	9/16/2021 9:42 AM

112	I feel like you cannot separate parking from traffic. To get around downtown Reading or through it, there are 7+ lights. Some intersections (like Main and Washington/Ash) are intolerable at some times of day. 90% of the time I plan my route to bypass downtown due to the traffic annoyance, and thus I end up avoiding downtown for my retail/dining needs.	9/15/2021 10:58 AM

118	I literally do one loop at CVS and then leave and go to North Reading just so I can get in and out and not have to keep circling. By the time I circle, a few times, I could have driven to North Reading CVS. I now just go there instead of downtown Reading because it's just a pain. To many condos now, too many contractor vehicles, not enough room or space to move around.	9/13/2021 8:55 PM
119	At times it's been difficult to park to dine, so we've gone elsewhere.	9/13/2021 12:57 PM

123	It seems absurd to drive 15 minutes to another town simply because there's not a spot immediately in front of CVS	9/13/2021 9:57 AM
124	Sometimes - but I must drive in all cases living 2 miles from the center especially in inclement weather.	9/13/2021 7:47 AM
125	I avoid businesses in Reading Ctr at all cost as it is too difficult and inconvenient to access esp when traveling with my son who is disabled.	9/12/2021 6:26 PM

137	Not really. I shop / dine outside of Reading due to better options. We need more (and better) businesses and restaurants. If parking helps them, then great but it doesn't inhibit me.	9/9/2021 9:13 PM

39	Forget the parking. Do better downtown planning. And this town is being overbuilt with seemingly no decent master plan. I look at how nice a downtown Wakefield has. We will spend \$500 on trees on roadways where the trees keep dying or getting hit but not actually doing decent planning. If my company ran like this town we would be bankrupt. Further. The town staff should reply to emails. In 20 plus years I've probably used the website to send 6 emails and guess how many replies I've received. Yes off topic but honestly parking is the least of our worries.	10/17/2021 10:48 AM

17	The parking needs in downtown Reading are only going to get tighter in the coming years. Adequate planning needs to be put in place to keep our downtown businesses more easily accessible; especially to Reading residents. I have sought to do business at Reading Town Hall and have had to come back, sometimes more than once, to complete my business because I have not been able to find a place to park my vehicle. Most of the parking spaces at town hall are taken-up by employees. Perhaps alternative parking for some town hall employees could be made outside of the town hall lot for customers doing business in town hall only. I think it is time to revisit parking garages in the downtown area; both behind CVS, and at the Brande Court lot. And if such an undertaking should come to fruition, careful considerations would have to be made for whom would be allowed to park in those areas, and for what duration. "Commuter" parking for non-Reading residents would not be one of my primary considerations for such parking structures.	11/1/2021 9:14 AM

51	I live on the corner of Elliott and Haven Sts. People who work and commute park 5-6 days a week on Elliott St and 7 days a week on Haven. Most if not all of these people do not live in Reading. I think this close to Reading Center all the stress in the area should be resident sticker only. I have complained about this in the past to the Town Manager. Nothing has been done except to not allow parking on one side of Elliott St. Come by any weekday and you will see the same cars everyday. These belong to people who do not live on these streets.	10/21/2021 5:50 AM

trying to park for the Commuter Rail in the morning. My main concern is the amount of street parking on narrow residential streets at the edges of the downtown district, close to the new apartment and condo buildings. This makes the streets narrower for cars- winter is getting more challenging- and downright dangerous for pedestrians, who are often not visible to cars beyond that line of taller SUVs and the like. All of these new developments should be required to include under-building parking significant enough for all residents of the new building. We don't need more ground-level parking lots.

76	The site of the failed Walgreens would make a great parking area for downtown even if it were metered.	10/18/2021 9:13 AM
77	Fix the traffic problems. On a daily basis there is always a mile backup on 129 on either way.	10/18/2021 9:08 AM

80	CVS Workers and commuters park on Sanborn Street all day so there is no parking left to get into church.	10/18/2021 6:12 AM
81	Any parking limits under 2 hrs is difficult. If it unexpectedly turns out to be 1-2 hours, can't worry about moving your car constantly to avoid ticketing.	10/17/2021 9:53 PM
82	Orlando	10/17/2021 7:57 PM
83	Reading needs a parking lot for days and nights	10/17/2021 5:33 PM
84	As the number of residences in downtown Reading increases, I'm more worried that the roads will be over-traffic'd and the safety of all these pedestrians.	10/17/2021 5:25 PM
85	Need to make parking downtown as easy & feasible to attract folks	10/17/2021 3:50 PM

87	CVS lot. Not enough off street parking. Often have look elsewhere	10/17/2021 1:51 PM
88	you put ice cream, specialty liquor, etc downtown then parking will be rough	10/17/2021 12:15 PM
89	More parking is needed, particularly to accommodate additional people moving to town into new apartments/condo complexes	10/17/2021 12:10 PM
90	Stop allowing overdevelopment of apartments and condos. The traffic on high street is far worse and the reading police do nothing about the speeds but you guys keep allowing builds. I literally watch someone from one of the new downtown places leave their dwelling parking and go park at pamplemousse. They were not walking!!!	10/17/2021 10:48 AM
91	Mode parking is vital for a successful downtown. Shops are visited very little due to lack of parking.	10/17/2021 9:16 AM
92	Cobblestone area in front of cvs would be awesome as a dining/eating park.	10/17/2021 9:16 AM
93	Help employees park in outside of downtown zones. Add enforcement	10/17/2021 8:50 AM
94	Yo charge too much for resident commuter rail parking. You should reduce that to encourage T ridership and then charge all the HS kids who park for free everyday for a parking sticker.	10/17/2021 8:46 AM
95	I think that putting paid parking in Downtown Reading will reduce traffic to the businesses. For example, there is a new CVS in North Reading with a huge, free, parking lot. People will simply go elsewhere rather than deal with the hassle of the pay kiosk. None of the surrounding towns have a parking paywall.	10/17/2021 8:32 AM
96	I stop at reading dry cleaner when a space is available. Usually takes 3 trips to gets space	10/17/2021 8:30 AM
97	I don't believe downtown parking is all that hard to come by with a little looking. Always can find a spot somewhere.	10/17/2021 7:45 AM
98	We have plenty of parking available now.	10/17/2021 7:26 AM
99	I would be very much in favor of eliminating more public parking and turning it into bike paths and green spaces. If done well, I believe this would improve the town.	10/17/2021 7:22 AM

109	As we continue to add more development to downtown, we need to require builders to not only provide parking for residential but a few public spots as well.	10/16/2021 2:42 PM
110	The current situation shows a lack of foresight and vision; the solution is NOT to stick the town with another white elephant like a parking garage. We already had 1 bad fiasco in Reading with the incinerator boondoggle at what is now the DPW facility across from Home Depot.	10/16/2021 2:39 PM
111	Go earlier in the day	10/16/2021 2:10 PM

121	Asphalt parking lots are pretty bad for the environment and for heat index in a city. Parking is important but please don't prioritize open flat asphalt lots. Money saved today is owed tomorrow. Reducing the need to drive to downtown by increasing public transport would help the most. It's difficult to fill this survey from a pre-pandemic mindset so I hope it is helpful.	10/12/2021 4:14 PM
122	The opinion/data that show increased density will not make parking more difficult is contradicted by the poor results in every other densely populated urban area (Somerville, Boston, Cambridge, Arlington, etc.)	10/12/2021 3:57 PM

133	Parking on other side of Main Street(Walgreen's side) is not user friendly for rest of downtown	9/30/2021 8:21 PM
134	I feel as though the Walgreens building should be turned into a parking garage of some sort. Lower level dedicated to our for police and middle/upper level, pay as you go.	9/30/2021 7:47 PM
135	Not enough employee parking spots. I struggle to find areas if I'm not at work by 7am.	9/30/2021 1:08 PM

138	I feel bad for the business. For instance the new shake store empower. I wanted to try it but Only had 10 minutes to run and out and couldn't find parking.	9/29/2021 12:51 PM
139	If downtown residents are complaining about Peking avIlBility, zoning board should be more strict about requiring parking garages with all of the new buildings. We can't build apartments in this town and then tell people they don't hVe a place to park a car. This isn't downtown Boston.	9/29/2021 12:42 PM
140	If I had to pay, I wouldn't go to downtown Reading.	9/29/2021 6:25 AM
141	Live close enough to wak to town. On Saturday especially it is easier than parking. Grew up here and am retired. Would really like to keep the small town feel which is what attracts people here in the first place. our town government should be thinking of the town and then we wouldn't have this problem. for now it is as good as it gets	9/29/2021 5:19 AM
142	Employee spots in lot on Haven street s/b employee only not employy and 4 hr. We have many elderly patients, electronic meters would be too difficult for them, most do not use cell phone apps.	9/29/2021 5:07 AM

time. Dental offices often have dozens of employees. They are great neighbors but need an abundance of parking that is simply not available.

157	Never had an issue w parking - Please don't change things up and create an issue where there is none.	9/28/2021 5:14 PM
158	Residents of down town reading, and shoo owners should have a parking permit sticker.	9/28/2021 4:38 PM
159	The lights situation stinks	9/28/2021 4:32 PM
160	The CVS lot should be improved for aesthetics. It's functional, but ugly. Let's make Reading a destination, including a more pleasant parking experience.	9/28/2021 3:24 PM
161	\$150 for resident commuter sticker is excessive, especially with remote/hybrid schedules	9/28/2021 2:38 PM
162	I will shop in another town if pay meters are put in Reading	9/28/2021 6:56 AM
163	It seems like a multi-level parking building behind CVS could be VERY helpful, with optional reserved parking for area employees. I would also take a bus if there was one that went from North Reading to Reading center. Why isn't there one??	9/27/2021 6:40 AM
164	We need more resident and guest parking. Even the resident permits don't matter because there isn't enough parking for residents.	9/26/2021 12:17 PM
165	Efforts to enhance the walkability to the downtown can reduce the stress on our parking resources.	9/25/2021 7:37 AM
166	Overnight parking for condo and apartment guests is likely to be a major issue in winter.	9/25/2021 5:17 AM
167	We keep getting surveys. What is changing	9/24/2021 7:22 PM
168	We need a parking garage for all the new apartments down by the train. Not everyone wants to pay for a parking spot. These buildings have "affordable" units in them. They cant afford parking spots in the garage. So they park on the street. The guests park on the street. Where do they park when it snows?	9/24/2021 6:25 PM
169	a parking garage (or levels) behind CVS would be ideal	9/24/2021 1:31 PM
170	I look forward to hearing the results of this survey. I'm not sure there is a parking problem now but it would be great to consider this every few years. Thanks!	9/24/2021 1:24 PM
171	Green St (train station side) is supposed to be a "residential parking only" between 6am and 1030. Firstly this is not enforced even remotely! Almost the entire street has people on it every morning, including work vans that are not conducting business on the street. This makes it very difficult to park if you live here, especially with the apartments on the street. I personally believe The entire street should be "residential only" all day long and it NEEDS to be enforced because it is not.	9/24/2021 1:03 PM
172	More stricter enforcement for nonresidents taking commuter	9/24/2021 9:19 AM
173	I would walk more frequently to downtown instead of driving if there were consistent sidewalks and lighting in the neighborhoods surrounding the downtown area. Unfortunatly, there arent and I dont always feel safe walking, especially with young children	9/24/2021 7:37 AM
174	There is an access issues that is hard to fully explain on this survey. i have shared by concerns with the PARC. With all the new 40R projects, I beg you to help the current local businesses insure that they continue to do business in Reading to provide employment opportunity to local residents.	9/24/2021 6:31 AM
175	I have no solution. You want to build so many condos in small area with no space not well thought out I've lived here 63 years it's a mess terrible with taxes home owners pay to work in our town and have to pay a fee to work here shame on you	9/24/2021 6:25 AM
176	Stop putting up apartments and condos and put a parking garage or lot in the downtown. Also we should be adding more upscale restaurants instead of sandwich shops. There are enough of them.	9/23/2021 7:05 PM
177	We must think of parking to support viable business and more than just condos. Other towns have created lively main streets and we can to. Perhaps a garage would be a good idea. They are typically ugly but they can be hidden/dressed up quite creatively now	9/23/2021 5:29 PM

2021 Reading Parking Survey

178	As more housing fills up the congestion and lack of parking may bring me to other towns for my shopping needs	9/23/2021 5:02 PM

180	Need more handicap for Reading aging population.	9/23/2021 11:53 AM
181	The need to manufacture available property for parking	9/23/2021 11:12 AM
182	Just make more. Somewhere.	9/23/2021 10:16 AM
183	There are businesses on Sanborn Street that should be considered prior to any changes being made to the current parking situation.	9/22/2021 8:51 PM
184	The large volume of condo and parking development has clogged the streets with offsite parking; there needs to be clearly marked spots on Sanborn street all the way not just in front of the church. Sanborn is also a one way and many new residents of the condos on the street exit the wrong way. A large volume of landscaping vehicles take up space regularly and many businesses don't remove their snow or push it in the street .	9/22/2021 6:22 PM
185	I attended the presentation before from the group the town hired and heard what they said. People complained about walking and not parking in front of a business. I don't find the walk to stores I want to go to any different than surrounding towns (Wakefield, Lynnfield and Andover)	9/22/2021 3:19 PM
186	Have started to do shopping outside of Reading due to parking	9/21/2021 7:23 PM
187	You are doing a great job, it is easy to park, and always fine to walk a bit!	9/20/2021 7:15 PM
188	You need to tie this conversation in with the group that is ok'ing all of the building in the downtown area. I just leased a 5-room office that has one parking space. That is ridiculous! If you are going to approve more condos/offices in the area, then you have mandate that they have something close to appropriate parking for their own tenants. If we (the tenants/employees) take all of the parking spaces on the streets, where are our visiting clients supposed to park.	9/20/2021 10:34 AM
189	Meters with pay by phone would be a good option	9/20/2021 8:38 AM
190	Make it more pedestrian friendly!	9/20/2021 7:35 AM
191	Need more parking	9/19/2021 1:24 PM
192	There are so many one way streets in Downtown it makes it very difficult to find parking. I avoid shopping in Reading because	9/19/2021 8:40 AM
193	daylong commuter parking along Sanborn St limits access to parking for church and CAK participants on weekdays	9/18/2021 8:32 PM
194	Reading needs a large town parking space like Concord, MA has. It is centrally located, large, well plowed in winter, non-specific group parking spaces, easy to find a spot. Yes, there is a bit of a walk, but not too much. I believe that are meters, perhaps 2 hours, just can't say for sure.	9/18/2021 5:15 PM
195	Need to build a garage, install Resident Only spots or Parking permit only spots, or even metered parking.	9/17/2021 10:52 AM
196	The commuter rail parking sticker should be significantly discounted for 2022, as most commuters won't be using it full time. Also, this survey was too long.	9/16/2021 12:09 PM
197	I would not be in favor of meters. If we need them it is because the downtown area has been overbuilt. If there were meters, there should be a way for them to be free for the first hour so as not to deter the people who use downtown businesses for a quick stop and then leave.	9/16/2021 10:54 AM
198	As a resident, if I want to shop and can't find a parking space I typically just try again another day. For those out of town that's not always a possibility and does have an impact on local business.	9/16/2021 9:42 AM
199	I think for the most part, parking is fine. I don't think permits are needed.	9/16/2021 9:21 AM
200	it would be great to have a parking garage behind CVS; I would definitely spend more time downtown if there was a garage.	9/15/2021 9:03 PM
201	Think of the businesses and the towns people who are keeping these stores open	9/15/2021 1:16 PM

2021 Reading Parking Survey

202	Would like to see more 15 minute parking	9/15/2021 1:10 PM
203	Reading needs to have more places worth parking for.	9/15/2021 10:58 AM
204	Parking behind CVS as well as Brande Court for employees/guests is almost impossible during the day. A second level behind CVS and Brande for parking would service the current needs for the area as well as future growth downtown. You could drive into the second level from Woburn Street to both locations and exit via Haven/Brande the same way it is today.	9/15/2021 10:01 AM
205	The parking works pretty well for my needs, however, I know it can be insufficient at times for many who need to spend more time downtown than I. There have been a few times that I could not find a convenient parking space and have decided not to patronize a business (for non essential shopping) that day.	9/15/2021 8:50 AM
206	Do not make it about money we pay enough taxes as it is.	9/14/2021 8:34 PM
207	Once the construction is complete imagine parking will be even easier	9/14/2021 8:28 PM
208	New residential developments will reduce total available parking, and the true impact will take time to fully realize	9/14/2021 7:23 PM
209	Enough talking enough surveys and committees listen to staff expertise and do something	9/14/2021 7:02 PM

214	If a fee is ever applied to park anywhere in Reading, I will never frequent that area again.	9/13/2021 9:46 PM
215	This is a day time problem between 12-6PM. At night, when things close, it can become easier to park. I also find that some local establishments close after 5 or 6. Nothing is open- and parking is a breeze. I often wonder, is parking a breeze because nothing is open or is nothing open because there was no business because there was no parking.	9/13/2021 8:55 PM
216	I think it depends on the time of day	9/13/2021 7:27 PM
217	Reading	9/13/2021 3:52 PM
218	Stop approving big developments makes this survey moot. You're causing your own problems.	9/13/2021 1:58 PM
219	Reading	9/13/2021 1:49 PM
220	Would like to see a 2-level open air parking garage in the center with validated parking for up to 3 hours. Convenient location would be at the site of the former Walgreens store across from Venetian Moon.	9/13/2021 12:15 PM
221	all resident parking should be free compost commuter etc we did an override	9/13/2021 10:33 AM
222	We can be either reactive or proactive here. I hear a lot of loud voices on the reactive side, saying that we need to develop more parking so that everyone can park right in front of whatever business they would like to go to. Built in to this assumption is that there is no better way of doing things; that everyone's preference is to get in their car, drive to their destination, and get back in the car to go to the next one. It is self-fulfilling in the sense that, yes, if you build a town that is car-centric, navigating it in your car makes the most sense. To be proactive would be to make development decisions about downtown Reading that would put us on a path for a safer, more walkable, and more alternative-transit friendly downtown. Foot traffic is good for businesses. Fewer cars is safer for kids who ride their bikes downtown. Bumping into neighbors on foot is a nice social interaction that you'll never get when you drive past each other. Let's stop building to optimize the car experience and start building to optimize the community experience.	9/13/2021 9:57 AM
223	Businesses & residents need to clear snow from their sidewalks town wide.	9/13/2021 7:47 AM
224	The parking and overall traffic situation is a major impairment to the town center and small businesses and prevents our town center from thriving like Melrose for example. The parking is challenging, tedious, and inconsiderate of people with disabilities or young children.	9/12/2021 6:26 PM

2021 Reading Parking Survey

226	If I live on Pleasant street, I should be able to park in the senior citizen lot overnight without a permit sticker or getting a ticket. I am unable to park where I live because all the parking places are booked.	9/12/2021 7:43 AM
227	More parking would benefit our businesses but we could be getting more cars off the road, and freeing up existing parking spots, by incentivizing non-driving transportation. Maybe an incentive for those living w/ 1/2 mile of town center to walk or offer an electric shuttle van on Saturdays that picks up at the school parking lots since most people can walk to a school.	9/12/2021 2:55 AM
228	Restricted parking in my neighborhood is important to me. If someone is visiting or Workman are engaged it is important that there is a place for them to park. Generally I put my car in the street so the visitor can use the driveway. This is very important to me	9/11/2021 3:18 PM
229	Additional HP parking on Main Street adjacent to retail and restaurants greatly needed. Lack of HP parking downtown appears to not welcome HP residents.	9/11/2021 9:58 AM
230	I've never had an issue parking in downtown Reading. I've also never seen downtown Reading crowded, it's a pretty low key area. With that said, I think our elderly citizens may feel frustrated because of their need for accessibility not being met if they have difficulty walking short distances. Could be nice to have a vehicle that transports our seniors closer to their needed Downtown location, or picks them up from a location in downtown and drops them back off at their car parked in Downtown like a shuttle. For example, we could have a central location for seniors to easily find parking, say near the train station, have an electric shuttle that makes its rounds in increments of 15 minutes, have a shuttle stops every so many feet where seniors can wait to be picked up and dropped back off at their cars. Alternatively, we could also do a car service for seniors where say for example, they call for pick up from their homes and drop off at a location downtown only, and then they call when they want to be transported back home. If they need to stop at multiple locations in downtown the driver can assist them with that. I don't think we have a parking issue. I think we have an accessibility issue.	9/11/2021 7:25 AM
231	Change the lights in the center of time. So much time sitting at SO many lights	9/10/2021 5:20 PM
232	Again - there's no shortage of parking. Anyone can find parking in a reasonable period of time at most times and only have to walk a few minutes.	9/10/2021 4:58 PM
233	No meters!	9/10/2021 4:33 PM
234	The one thing I recommend changing is reversing the flow of the CVS lot - enter from Haven and exit on Woburn.	9/10/2021 2:18 PM
235	Since the pandemic parking is easier but the zones create a challenge. Its a good time to expand parking before the pandemic ends and it goes back to impossible parking. Before the pandemic I stopped shopping and dining downtown due to parking	9/10/2021 1:48 PM
236	Please define "downtown" better. Most people think "downtown" means the main streets, not the residential streets that are effected by these changes. The people who live nearby didn't sign up to deal with restricted parking, please include us more actively in the discussions. This will have a ripple effect in a ton of areas. This isn't NIMBY, we want to be included so we don't get stuck with all of the unintended consequences of these changes.	9/10/2021 11:04 AM
237	Pandemic has significantly changed commuter rail use and related parking issues. Hard to make decisions related to that demand when we don't know yet if working from home will become the norm or not 2-3 years	9/10/2021 9:38 AM
238	I can't even leave wk to do errands or get lunch for fear I won't be able to find another parking spot!	9/10/2021 9:31 AM
239	Contractors are an issue and may end after a few more years, but may not be before people change their habits.	9/10/2021 8:18 AM
240	Stop trying to make paid parking a thing in Downtown Reading. We travel to other towns for shopping because we have 15 hair salons, 2 tattoo shops and limited restaurants downtown.	9/10/2021 5:15 AM
241	If there is a paid parking (meters) I will NOT be parking. Thus not supporting local business.	9/10/2021 1:17 AM
242	More than adequate. It's a busier town now and people will need to adapt. Consider handicap needs, not necessarily proximity to businesses.	9/9/2021 11:12 PM

2021 Reading Parking Survey

243	Please try to keep parking free to attract customers to small businesses	9/9/2021 10:07 PM
244	This survey was poorly constructed with too many absolute answers.	9/9/2021 9:13 PM
245	More bike racks please.	9/9/2021 9:10 PM
246	Never been a problem finding parking. Keep construction workers off main parking areas.	9/9/2021 9:04 PM
247	O will not park downtown if there is a charge to park. We pay enough as reside to in taxes already and have put up with several years of construction in the area with limited parking from the construction vehicles to deserve free parking.	9/9/2021 8:02 PM
248	Longmont	9/9/2021 7:01 PM
249	Is the Town Hall lot open to general visitor parking? If not, why not?	9/9/2021 7:00 PM
250	Please please please don't add meters!!!!!!	9/9/2021 6:53 PM
251	I think there should be more questions about no business in downtown Reading rather than parking. Parking is not great but there's really not much in downtown so parking not an issue for me.	9/9/2021 6:46 PM
252	I think that improving access to bicycling is very important. Many of the errands and trips I take to downtown I could make on a bike but there are few safe places to ride, especially with kids. Also there aren't nearly enough racks to lock up a bike, especially for an extended period when it might be rainy.	9/9/2021 6:45 PM
253	Parking is very challenging for those of us who are handicapped and drive accessible vans.	9/9/2021 6:12 PM
254	good	9/9/2021 2:44 PM
