Subject: RE: 459 Main Street

Hi Julie,

I have the following comments and questions based upon the submitted conceptual drawings for the proposed 459 Main Street project:

1. In accordance with the Massachusetts Comprehensive Fire Code, propane gas grills are not permitted on elevated balconies or roof decks.
2. Please provide information on the proposed garage carbon monoxide vent fans and their location.
3. How will pedestrians on the side walk be alerted to cars exiting the parking garage?
4. Will the garage door facing Main Street be open or will it be provided with a door?

As we see more complete construction documents we may have some other questions or concerns.

Thank you,

Chief Gregory J. Burns

In addition to the files at the link below, this snow management plan was just sent to me.

Thank you,
