Application for a Permit to Disconnect
A
House From the Common Sewer

I, _____ herewith apply for a permit to disconnect my home located at _____ from the common Sewer.

I have made a contract with _____, a licensed drain layer, to remove the connection.

I understand and agree that, since I have made a contract with a Licensed Drain Layer to perform the disconnection work, the Town will not assume any responsibility for the abandonment of the sewer connection. I also understand that by disconnecting from the common sewer, the dwelling will no longer be habitable and I cannot construct a private sanitary system to service the dwelling. I have notified the Board of Health and acquired any necessary permits for this disconnection work.

I will also notify the Public Works Office when the abandonment work is completed.
